THE AMERICAN COLLEGE, MADURAI
(An Autonomous Institution Affiliated to Madurai Kamaraj University)

MINUTES OF THE ACADEMIC COUNCIL MEETING HELD ON FRIDAY 07 March 2014 IN THE MAIN HALL

Dr. M. Davamani Christober, Principal and Secretary, was in the chair.

The Meeting began with prayer by Rev. Dr. S. Joseph Wellington.

The Principal welcomed all the members of the Academic Council on behalf of the college and extended a special word of welcome to the external members from the other institutions: Dr. C. Seethalakshmi, Joint Director of Collegiate Education, Madurai Region, Madurai. Dr. G. Jeyalakshmi, Head of the Department of English Language Studies and Member Syndicate, Madurai Kamaraj University, and Dr. J. Daniel Chellappa, Senior Scientist, Department of Atomic Energy, (BARC), Kalpakkam, Chennai.

He acknowledged the good work done by all the Deans, Additional Deans, Heads of the Departments, Members of the faculty for processing the curriculum planning and the proposals for the present Academic Council. He recognised the meticulous work done by the Office of the Dean for Academic Policies and Administration, Dr. J. Karunyal, Dean and Dr. J. Paul Jayakar, Additional Dean for Academic Policies and Administration.

The Principal felt very happy that all the faculty members had involved in this academic exercise at various levels and stages. He informed the House that this academic endeavour was thoroughly proposed and scrutinized by the members of the departments concerned in their department meetings, Boards of Studies, the College Senatus, and now the Academic Council. Academically and research-wise, this year too was a productive year, he contended. With these introductory observations, the Chairman invited all the members to scrutinize the proposals that were being presented in the House.

The Minutes of the previous Academic Council Meeting held on 24.09.2010 was placed before the Academic Council for confirmation. .

Since there was no question raised, the Minutes of the Academic Council Meeting held on 24.09.2010 was passed unanimously.

THE AMERICAN COLLEGE, MADURAI
(An Autonomous Institution Affiliated to Madurai Kamaraj University)
(Re-accredited [2nd Cycle] by NAAC with Grade 'A' & CGPA of 3.46 on a 4 point scale)

MINUTES OF THE ACADEMIC COUNCIL MEETING HELD ON WEDNESDAY 8 JUNE 2016 IN THE MAIN HALL

Dr. M. Davamani Christober, Principal & Secretary, was in the chair.

The Meeting began with prayer by Chaplain Rev. Dr. S. Joseph Wellington.

The Principal welcomed all the members of the Academic Council on behalf of the college and extended a special word of welcome to the external members from the various institutions. Dr. V. Indhumathi, Joint Director of Collegiate Education, Madurai Region, Madurai, Dr. J. Daniel Chellappa, Senior Scientist, Bhabha Atomic Research Centre (BARC-NRB), Chennai, Mr. I.K. Lenin Tamilkovan, Director-in-Charge, Anna Science Centre Planetarium, Trichy.

He welcomed the Vice Principal, Bursar, Deans, Additional Deans, Controller and Deputy Controller, Heads of the Departments, Members of the faculty for processing the curriculum planning and the proposals for this Academic Council Meeting. He specially welcomed the student representatives who helped the curriculum to be shaped at the BOS meetings in their departments.

He then drew the attention of the House to the fact that each proposal was wetted at four levels and it is for the House to consider them especially the External members of the House. Since all resolutions and descriptive and prescriptive syllabi are shown on the screen, members were requested to refer to course code and title while making suggestions and raising queries.

The Minutes of the previous Academic Council Meeting held on 08.06.2016 was placed before the Academic Council for confirmation. and it was passed unanimously.

Departmental Resolutions: Undergraduate Programmes (Aided)

R.1: RESOLVED to accept the changes in the programme of studies for BA Tamil as presented on pages from TAM and the syllabi for III and IV Semesters as presented on pages from TAM 2 to TAM 14 with effect from the academic year 2015 – 2016.

Resolution was moved by Dr. J. Sarojini and seconded by Dr. A. Soma Sundaram.

Resolution was passed unanimously

R.2: RESOLVED to accept the changes in the programme of studies for BA English as presented on pages from ENG 1 to ENG 3 and the syllabi for III and IV Semesters as presented on pages from ENG 4 to ENG 15 with effect from the academic year 2015– 2016.

Resolution was moved by Dr. J. John Sekar and seconded by Dr. J. Paul Jayakar.

N. Elango said that he questioned the very composition of the BOS in English because he was the Head of the Postgraduate and Research Department of English. Mr. M. Rajendra Pandian said that BOS was a statutory body and therefore it should be headed by the statutory PG Head. He solicited the comments of the JDCE. He suggested that the resolution be sent back to the department.

Dr. V. Indhumathy, JDCE, said that she would take official action if her office received any written grievances. She also said that the Academic Council was meant to discuss the resolutions approved by the Boards of Studies in various disciplines and that any personal, faculty, and department issues could be addressed in the appropriate forums. Issues like seniority could not be addressed in the Academic Council.

The Chairman advised Messrs N. Elango and R. Prabakhar Vedamanickam to mind their language when they raised issues in the august body. He reminded Mr R. Prabakar Vedamanickam of his objectionable language against the JDCE on the previous occasion. He told him that such intemperate language would lower the dignity of the House and the image of the College.

Dr. J. Paul Jayakar, Additional Dean for Academic Policies and Administration informed the House that the College under autonomy has evolved a number of practices of decentralization like separate heads for UG and PG for the betterment of academic programmes and in the interest of service to students. These rules are not based on any hard and fast rule and therefore these practices are bound to change as the college grows with new and innovative programmes. Moreover, such practices are being followed in other autonomous colleges and the university itself.

Dr. Barnabas contended that though the issue was discussed in the senatus and the faculty, no conclusion could be reached. He pleaded that the present practice of PG Head heading the BOS in UG until a conclusion was reached.

Dr. R. Benjamin Robson expressed that the government recognized only one head and that is the PG Head and that if this new practice was extended to all departments, then there would not be a problem, but it is introduced only in English.

The Chairman wound up the discussions with his reply that the headship had been contested only in English department and that he took all efforts to find an amicable solution. Unfortunately both heads could not agree to my efforts, the Governing Council created four separate Heads in English for UG, PG, Research, and SF programmes.

The Chairman said that the issue was thoroughly addressed in other forums and that he consulted the university. The university orally ruled that autonomous colleges have their own system of constituting BOS and that the university could not intervene unless the persons concerned gave it in writing.

The Principal said that he would not send the resolutions back to the department since it had been a year long academic exercise at the department sub-committee, department meetings, BOS, Senatus, and the Faculty.

The Chairman asked if anyone would like to register their dissent and the following eight members expressed their dissent by raising their hands: Messrs N. Elango, S. Premsingh, S. Chandra Singh, M.G. Rethan, M. Rajendra Pandian, D. Winfred Thomas, Anburaj Daniel Barnabas, and R. Prabahar Vedamanickam.

Resolution was then passed unanimously.

R.3: RESOLVED to accept the changes in the programme of studies for B.Sc Mathematics as presented on pages from MAT 1 to MAT 2 and the syllabi for III and IV semesters presented on pages from MAT 3 to MAT 11 with effect from the academic year 2015 – 2016.

Resolution was moved by Mr. P. Jeyakodi Balan Premkumar and seconded by Mr. M. Jeyakumar.

Resolution was passed unanimously

R.4: RESOLVED to accept the changes in the programme of studies for B.Sc Physics as presented on pages from PHY 1 to PHY 2 and the syllabi for III and IV semesters as presented on pages from PHY 3 to PHY 13 with effect from the academic year 2015 – 2016.

Resolution was moved by Dr. K. Gnanasekar and seconded by Dr. Rachael Malini.

Resolution was passed unanimously

R.5: RESOLVED to accept the changes in the programme of studies for B.Sc Chemistry as presented on pages from CHE 1 and the syllabi for III and IV semesters as presented on pages from CHE 2 to CHE 17 with effect from the academic year 2015 – 2016.

Resolution was moved by Dr. K. John Adaikalasamy and seconded by Dr. J. Helen Ratna Monica.

Resolution was passed unanimously

R.6: RESOLVED to accept the changes in the courses CHE 1463 Chemistry for Botanists – I and CHE 1464 Chemistry for Botanists – II for I Year Botany as presented on pages from CHE 15 to CHE 17 with effect from the academic year 2016 – 2017.

Resolution was moved by Dr. K. John Adaikalasamy and seconded by Dr. J. Helen Ratna Monica.

Resolution was passed unanimously.

R.7: RESOLVED to accept the changes in the programme of studies for B.Sc Botany as presented on pages from BOT 1 to BOT 2 and the syllabi for the programme for III and IV semesters as presented on pages from BOT 3 to BOT 15 with effect from the academic year 2015 – 2016.

Resolution was moved by Dr. Anburaj Daniel Barnabas and seconded by Mr. D. Winfred Thomas.

Resolution was moved by Dr. S. Paul Mary Deborrah and seconded by Mr. K. Moorthy.

Dr. A. Robson Benjamin suggested that 8255 be removed from the course PSP 5311since it has no relevance to mircro-controller. Chairman requested Dr. K. Gnanasekar to coordinate to carry out the suggestion made by the member.

Resolution was passed unanimously.

R 22: RESOLVED to introduce the programme of studies for M.Sc Food Science (self-financed) as presented on page PFS 1 and the syllabi for the programme M.Sc Food Science as presented on pages from PFS 2 to PFS 23 with effect from the academic year 2016 -2017.

Resolution was moved by Dr. J. Helen Ratna Monica and seconded by Dr. K. Navaneethakannan.

Resolution was passed unanimously.

R 23: RESOLVED to accept the programme of studies for M.Phil Mathematics (Self-financed) as presented on page MPM 1 and the syllabi for the programme M.Phil Mathematics as presented on pages from MPM 2 to MPM 11 with effect from the academic year 2016-2017.

Resolution was moved by Mr. M. Jeyakumar and seconded by Mr. P. Jeyakodi Balan Premkumar.

Dr. M. Rajendra Pandian objected to the principal nominating himself as chairperson of the BOS in MPhil Maths since his educational qualifications were under the court's scrutiny and he said that it was therefore highly objectionable. The Chairman ruled that the matter was sub-judice and that Madurai Kamaraj University itself was a party to the case. Moreover, the programme was subject to affiliation from the university.

Resolution was passed unanimously.

R 24: RESOLVED to accept the programme of studies for M.Phil Management (self-financed) as presented on page MMB 1 and the syllabi for the programme M.Phil Management as presented on pages from MMB 2 to MMB 20 with effect from the academic year 2016-2017.

Resolution was moved by Dr. Raju and seconded by Mr. A. Arul Jeevaraj.

Resolution was passed unanimously

Community College

R 25: RESOLVED to accept the programme of studies for Diploma in Food Processing and Preservation (Self-financed) as presented on page DFP 1 and the syllabi for the programme Diploma in Food Processing and Preservation as presented on pages from DFP 2 to DFP 5 with retrospective effect from the academic year 2015 -2016.

Resolution was moved by Dr. K. Navaneethakannan and seconded by Ms. Ameena Beevi.

Resolution was passed unanimously.

R.26: RESOLVED to accept the programme of studies for Advanced Diploma in Food Processing and Preservation (Self-financed) as presented on page AFP 1 and the syllabi for the programme Advanced Diploma in Food Processing and Preservation as presented on pages from AFP 2 to AFP 4 with effect from the academic year 2016 - 2017.

Resolution was moved by Dr. K. Navaneethakannan and seconded by Ms. J. Nithya Kamalam.

Resolution was passed unanimously.

Special Resolutions

R 27: RESOLVED to accept the proposal to give attendance concession to NCC cadets/NSS volunteers/SLP students who represent the College at national level and players who represent the college in various sports and games at Zone/Inter-zone/University/District/State/National levels provided NCC, NSS, SLP officers, and Physical Education Directors undertake the responsibility to make such students attend regular classes on other days.

Resolution was moved by Dean for Academic Policies and Administration Dr. J. John Sekar and seconded by Additional Dean for Academic Policies and Administration Dr. J. Paul Jayakar.

Resolution was passed unanimously.

R 28: RESOLVED to accept that NCC cadets/NSS volunteers/SLP students and players representing the college teams shall attend a minimum of one test, one quiz, and one assignment in each course and that the marks secured thereof shall be proportionately doubled for the consolidation of Continuous Internal Assessment.

Resolution was moved by Dean for Academic Policies and Administration Dr. J. John Sekar and seconded by Additional Dean for Academic Policies and Administration Dr. J. Paul Jayakar.

Resolution was passed unanimously.

R 29: RESOLVED to accept the proposal to award a bonus of 10% of the maximum marks in each course in the End-of-Semester Examinations conducted in November, April, and June to NCC cadets, NSS volunteers, SLP students, and Players who represent the College at the University, State, National, and International level tournaments.

Resolution was moved by Dean for Academic Policies and Administration Dr. J. John Sekar and seconded by Additional Dean for Academic Policies and Administration Dr. J. Paul Jayakar.

Dr. A. Robson Benjamin observed that marks are awarded on the basis of students' performance on exams and tests and objected to awarding 10% of bonus marks. Dr. S. Israel requested for the inclusion of the term 'camps' at the end of the resolution. Dr. M. Rajendra Pandian said that he was not particularly against the move, but caution be taken so that it may not be misused. He also suggested that the term 'bonus' be changed. Mr. Jeyakodi Balan suggested that 10 marks be awarded if only a candidate failed. The Principal said that EMC will evolve rules for the implementation of the resolution.

Resolution was passed unanimously.

R 30: RESOLVED to accept the proposal to conduct a special End-of-Semester Examination for those students who miss regular End-of-Semester Examination conducted in November, April, and June on account of their selection for student exchange programmes abroad with retrospective effect from the academic year 2015-2016.

Dr. S. Israel requested that students of NCC, NSS, and PED be included in the resolution. Dr. Helen Ratna Monica explained that the resolution was meant to facilitate only those students who would be selected for Study Abroad Programme at institutions with which the College has entered into MOU in the case of clash of timings of the programme. Dr. Anburaj Daniel Barnabas suggested that all credits earned by students in foreign universities be converted into marks at the College and that students need not be made to take the examination again. Dr. A. Gunamalai pleaded for internal test as well. Dr. R. Prabahar Vedamanickam endorsed the explanation offered by Dr Barnabas. Dr. Helen Ratna Monica said that students selected have completed their programme of study but could not take examination after attending more than 75% of classes. Dr. J. Paul Jayakar said that students take extra courses under exchange programme category and the credits they would earn for a particular course could not be treated on par with the courses taken by students back in the College. Principal explained that the academic calendar of the universities in

the West and India is different. The Chairman responded to Dr Israel that he should bring a resolution from the BOS in NSS through the proper channel.

Resolution was moved by Dean for Academic Policies and Administration Dr. J. John Sekar and seconded by Additional Dean for Academic Policies and Administration Dr. J. Paul Jayakar.

Resolution was passed unanimously.

Other Matters

The Chairman invited the members to raise other matters related to the agenda.

Dr. A. Robson Benjamin suggested that since PG students of Physics opt for language course under CBCS, their score in them shall not be added to the overall percentage. He also wanted to know the reason for inordinate delay in the issue of mark statements.

Dr. S. Premsingh observed that though it is good that the college introduced new courses, the administration has not provided large classroom. On the other hand, the maximum student strength in each class stands at 75 or 80. As a result, personal attention and quality of instruction had to be sacrificed.

Dr. M. Rajendra Pandian requested that the administration did not classify PhD programmes as SF programmes.

Chairman reacted to Dr Robson that his suggestion related to clubbing of marks secured in optional courses with major subjects. Replying to Dr Premsingh, the principal said that the college admits students as per the university norms.

Dr. Daniel Chellappa addressed the House. He appreciated the hard academic work that is evident from the proceedings of the meeting. He wanted to share some of his thoughts. He wanted to know how departments shined in society for the past five years and how they fulfill parents' dreams and expectations. He wanted to know if students could compete at the national level in science areas. BARC is conducting summer programme for MSc Physics and Chemistry, but none from the American College attended them whereas students from Andra Pradesh and Bengal attend them in large numbers. He said that PG students of Physics, Chenistry, and Botany ought to know the benefits of scientists jobs in national laboratories.

Dr. Lenin Tamilkovan suggested that Ordino-board be added to Physics courses where microprocessor has been included. He suggested that a Science Centre be created in Madurai though it had one in the 1970s and that a Planetarium in the American College. He requested the faculty to include reference books in all courses. He mentioned a few titles for the consideration of science faculty members and he was ready to share them in pdf form. He also insisted on English language proficiency of science students. He also insisted that science students as much as other students ought to acquire a basic knowledge of finance.

THE AMERICAN COLLEGE, MADURAI
(An Autonomous Institution Affiliated to Madurai Kamaraj University)
(Re-accredited (2nd cycle) by NAAC with Grade 'A' & CGPA of 3.46 on a 4 point scale)

MINUTES OF THE ACADEMIC COUNCIL MEETING HELD ON SATURDAY 8 APRIL 2017 IN MAIN HALL

Dr. M. Davamani Christober, Principal & Secretary, was in the chair.

The meeting began with prayer by Chaplain Rev. Dr. S. Joseph Wellington.

The Principal welcomed all the members of the Academic Council on behalf of the college and extended a special word of welcome to the external members who represented the various constituents. They were Dr. K. Kudalingam, Joint Director of Collegiate Education, Madurai Region, Madurai, Mr. I. K. Lenin Tamilkovan, Director-in-charge, Anna Science Centre Planetarium, Trichy, and Prof. Ram Rajasekaran, Director, CFTRI, Mysuru.

He welcomed Vice-Principal, Bursar, Deans, Additional Deans, Controller and Deputy Controller, Heads, Coordinators, and Directors of Academic Departments, Members of the faculty. He specially welcomed the student representatives who helped as student-members in the Boards of Studies to shape the curricula.

He introduced the external members to the House and their contribution to the growth and development of the college. He acknowledged the role played by Prof Ram Rajasekaran in establishing the department of Food Science and by Mr I.K. Lenin Tamilkovan in our attempt to establish a planetarium. He also informed the House that he received apologies from the university nominee Dr. M. Hussain Manavar and the external member Dr Arunai Wilson from Loma Linda University, US for their inability to attend the meeting.

He then drew the attention of the House to the fact that each proposal was wetted at four levels, namely the department, department meetings, Board of Studies, the Senatus, and the Faculty meeting. He therefore requested the faculty members of the House to first offer space for the External members to make observations and suggestions. However, he encouraged all the members of the House to scrutinize the proposals from other departments and offer their valuable suggestions. Since all resolutions and descriptive and descriptive syllabi are shown on the screen, members were requested to refer to course code and title while making suggestions or raising queries.

He read out the items on the agenda before he took up the first item on the agenda, namely confirmation of the minutes.

The Minutes of the previous Academic Council Meeting held on 08.06.2016 was placed before the Academic Council for confirmation. Mr. N. Elango clarified that he never uttered intemperate language in the last meeting and requested the Chairperson to remove the chairperson's warning expression 'mind their language' from the minutes. Dr Prabhahar Manickam also offered a self-explanation. The chairperson ruled that the expression be removed.

It was passed unanimously.

Resolution was moved by Dr. (Mrs.) Helen Ratna Monica and seconded by Dr. K. Navaneethakannan.

Resolution was passed unanimously.

R.36: RESOLVED to accept the changes in the programme of studies for M.Sc. Immunology & Microbiology as presented on page on MIM 1 and the syllabi for I and II Semesters as presented on pages from MIM 2 to MIM 15 with effect from the academic year 2017-2018.

Resolution introduced by Dr. K. Navaneetha Kannan and seconded by Mrs. J. Stella Mary.

Resolution was passed unanimously.

Departmental Resolutions: Undergraduate Self-Financed Programme in Satellite Campus

R.37: RESOLVED to accept the adoption of the syllabi of B.A. English (Self-financed programme) in the Satellite Campus with effect from the academic year 2017-2018.

Resolution introduced by Dr. J. Paul Jayakar and seconded by Mr. J. Jehoson Jiresh

Resolution was passed unanimously.

To a query from Dr A. Robson if the college received the sanction to start courses in the Satellite Campus, the Chairperson clarified that the University permitted the administration to offer in the additional campus three years ago and as a result, BBA, B.COM and B.Com (CA) were started three years ago. He also said that the College was awaiting the University Affiliation Commission to visit the campus for the sanction of BA English at the Satellite Campus. He read out the university order permitting the college to start these courses. He also requested the members to verify the records at the offices before raising an issue on the floor so that members may not be given a bad impression about the college.

SPECIAL RESOLUTION

R.38: RESOLVED to accept the recommendations of the Sub-Committee on Examination Reforms as presented in the Addendum with effect from the academic year 2017-2018.

Resolution introduced by Mr. J. Jesupaul Thangaraj and seconded by Dr. A. Martin David.

Dr M.G. Rethan questioned the very composition of the sub-committee on the ground that there was no representation for women though half of the faculty were women, that the colleges visited were Christian colleges, that it should have been formed with student representatives, and that the heads alone had been included.

Dr. M. Rajendra Pandian claimed that the members had no time to go through the recommendations of the sub-committee since they were given only two days. He said that the reform recommendations should be discussed threadbare at the faculty level because the concept of autonomy evolved only from the faculty floor in the American college in the 1970s. He observed that while trust was the basis of academic autonomy which provides space for experiments and innovations in terms of curriculum designing, teaching, and testing, some of the recommendations were against the spirit of autonomy. Hence, members required time for reflection and discussion before taking decisions.

Mr S. Stephen said that as the syllabus was wetted at four different forums, the reforms that were discussed inconclusively should also be discussed at four levels. He claimed that the faculty members were not averse to reforms but they needed more time. Some of the recommendations like scrapping of the June Repeat and fixing minimum internal marks as a condition to sit for EOS were

quite contentious. It showed the 'matriculation mentality. He asked for a through overhauling of the examination system and not a piecemeal one.

Dr. S. Rajkumar Immanuel claimed that as the Head of the Criterion II of NAAC he conducted a student feedback but to his shock students across the thirty seven departments had poorly graded on evaluation and testing system in the college.

Dr. A. Gunamalai said that he was for change and claimed that there can be discussion but not argument in the House. While he felt nothing wrong in the composition of the committee, he said the fixing of minimum marks in internal need not be introduced.

Dr. G.C. Abraham claimed that external accrediting agencies like NAAC and regulating authorities like UGC see less role for the external examiners and more role for the internal examiners and that they wanted the externals to play a significant role in maintaining standards of academic autonomy. He said that the resolution before the House did not have the Part I of the recommendations since it was delinked in the Deans' meeting held the previous day.

Dr. A. Robson Benjamin claimed that there was no need for reform because the system was excellent. He observed that implementation was not uniform and proper. He supported the reforms in the senatus because he thought that reforms meant writing the rules explicitly. He suggested that the formation of Question Paper Scrutiny Board since it was not literally possible for the heads to know the syllabi of different courses and it would dilute secrecy. He also asked for the active role of Evaluation Monitoring Cell and its decisions be brought to the Academic Council for approval.

The Chairperson at this juncture clarified certain issues. The composition of the subcommittee was initiated in the senatus on voluntary basis. He replied to Mr Stephen that four-tier level discussion took place on reforms as well. They were discussed in the sub-committee, deans' meeting, senatus, and the faculty. He informed the House that more than 70% of the faculty supported the reform efforts.

Dr K. Navaneetha Kannan pleaded that women representatives be included in all committees in the future and justified the fixing of minimum in the internal since it is the only way to make students serious about examinations. He observed that the present pass percentage was pathetic.

Dr. S. Premsingh asked for a thorough analysis of the drawbacks of the present system which was really good but poor implementation had led to certain problems. He wanted the reforms to be foolproof. He cautioned that reforms should not be poorer than the present system since externals appreciated our system.

Dr. R. Prabhar Vedamanickam said that change was most urgent but it was a very serious exercise. He attributed the large classroom, admission policy and faculty recruitment policy to poor performance of students in examinations. He cautioned that the faculty should go slow by taking more time for decision-making on examination-related issues. Reforms required debates and not votes. He said that essence of autonomy was freedom and uniformity was the opposite of autonomy.

Dr. J. Paul Jayakar claimed that it was quite natural for human beings to resist change and that there were certain issues that merited discussion. He said he learnt quite a lot from seniors while sharing a course from teaching to setting question papers and to testing. He claimed that the recommendations of the subcommittee were very close to the recommendations of the UGC.

Mr. Justin Manohar claimed that it would be better to discuss the recommendations item-wise instead of rejecting them on the ground that they required time for discussion and decision. He shared with the House that the subcommittee revised the report at least ten times in several sittings of the subcommittee.

Dr Albert Christopher Doss said that he was for reforms but each recommendation should have been discussed first at the department level and then at the senatus. In his view, Question Paper Scrutiny Board was a big problem.

Mr. M. Rajesh welcomed the proposal to include the external examiner for lab courses.

Dr S. Stalin Kumar said that reforms were good but required clarification. He expressed concern over the scrapping of June Repeat exams, non-availability of blueprint for setting question papers, no provision for students who would represent the college in sports and culturals as far as retest was concerned.

Mr. J. John Kamaraj said that he could see a contradiction between reform recommendations, namely reduction of retest to one and fixing minimum in the internals as a condition to sit for EOS. He expressed that such

recommendations would create psychological problems in students and therefore he pleaded for the retention of the existing system.

Dr. A.D. Barnabas wanted more time for discussion of the recommendations item-wise at the departmental meetings and at the faculty level. He said he was for reforms.

Dr. R. Anadaraj justified the selection of colleges for visit on the ground that these colleges had introduced several innovations under autonomy and they were rated higher by accrediting agencies. Moreover, he said that colleges had to learn from one another.

Dr. K. John Adaikalasamy clarified that the recommendations did not amount to changing the system but to introducing checks and balances. For instance, he referred to the setting of question papers separately with the help of blueprints for each course.

Dr. K. Gnanasekar justified the reform efforts on the ground that recommendations were seen only as amendments to the existing system, as measures to make the system more functional, and the colleges visited had been nationally ranked higher.

Dr K. Kudalingam, RJDCE reminded the members that autonomy was meant for the development of students' competencies at the micro-level and it could be done with the help of experts. However, we should not deviate from the directions from the university and the UGC. He suggested that brainstorming sessions be conducted on all issues ranging from framing syllabus to teaching techniques, testing and evaluation at the department level first. Teachers should not forget that students were the focal point and they should be made more competence in the competitive world.

Prof Ram Rajasekaran, Director, CFTRI, Mysuru said that he was happy that all teachers wanted change in the system. He cautioned that there could be mistakes in experiments since we were not sure of outcomes. He suggested to the teachers to refrain from making references to the years of experience but to bringing facts and figures to support their claim. He advised the faculty to quantify the outcome while he appreciated the faculty commitment for change and reforms. He asked the faculty to evolve innovative ways of teaching.

Mr Lenin Tamilkovan wanted the reforms to be standardized. He reiterated his commitment to help the college to establish a planetarium and an Innovative Centre.

Dr. J. John Sekar, Dean for Policies and Administration, summed up the discussions by observing that responsiveness was the American college culture. He informed the House that the principal asked the subcommittee in the Deans' meeting held the previous day to de-link the first section that was on administrative issue from the rest of the report that was on examination reforms. He claimed that there were three contentious issues that the faculty was worried about though they were all for change and reforms. They were scrutiny board, denying students the chances to sit for the June Repeat exam, and fixing minimum in the internals. He suggested to the Chairperson that the resolution could be passed now on the condition that additional suggestions from the faculty could be discussed at the appropriate forums and be incorporated into the reform process.

The Chairperson assured the House that additional suggestions would be incorporated before the recommendations were implemented.

With this assurance, **the resolution was unanimously passed.**

Any other matter

Mr. S. Stephen of Mathematics Department demanded an explanation why the consolidated internal marks sheets were not displayed on the department notice board as promised for cross-reference and check. He also claimed that there were a number of spelling mistakes in students' names on their marks sheets and wrong entry of marks as well.

He also wanted to know who fixes the examination fees and why an exorbitant amount under 'other charges' fixed.

Dr A. Martin David, Deputy Controller, assured the House that the COE personnel would handover the consolidated internal mark sheets at the end of the meeting. He cited some software problem for the delay.

Dr. J. Helen Ratna Monica replied to Mr Stephen that money was needed for developing software for scrutinizing marks and for employing non-teaching staff for examination duty. She shared with the House that as many 600+ students could not pay the college fees. She suggested that each faculty member could adopt one student for the payment of college fees. She also informed the House

that the NAAC peer team and the Autonomy Review Committee appreciated the fees collection and maintaining of the records at the Bursar's office.

Dr Robson Benjamin said that the CBCS marks should not be taken into account for computing percentage in the majoring discipline. The Chairperson ruled that it could be first discussed at the senatus. The chairperson also requested Dr S. Premsingh and Dr Robson Benjamin to provide more details on complaints regarding marks and hall tickets so that the administration could rectify them.

Vote of Thanks

Vice-Principal Dr. G.C. Abraham thanked the Principal and all the external members for their presence, support and their valuable suggestions and also placed on record appreciations for Dean Dr. J. John Sekar and Additional Dean Dr. J. Paul Jayakar and the other Deans and Additional Deans for taking up the responsibilities to scrutinize all the proposals presented in the House. He also thanked all the Heads of the Departments, faculty members and student members for their contribution and cooperation. He also thanked the Bursar for the financial sanction to accomplish this mammoth academic exercise.

Adjournment

After inviting all the members to join for lunch at the Auditorium, the Chairperson adjourned the meeting sine die.

THE AMERICAN COLLEGE, MADURAI
(An Autonomous Institution Affiliated to Madurai Kamaraj University)
(Re-accredited (2nd cycle) by NAAC with Grade 'A' & CGPA of 3.46 on a 4 point scale)

MINUTES OF THE ACADEMIC COUNCIL MEETING HELD ON WEDNESDAY 6 JUNE 2018 IN PLL SEMINAR HALL

Dr. M. Davamani Christober, Principal & Secretary, was in the chair.

The meeting began with prayer by Chaplain Mr. John J Kamaraj.

The Principal welcomed all the members of the Academic Council on behalf of the college and extended a special word of welcome to the external members who represented the various constituents.

First, he extended a warm welcome to the university nominees:

1. Dr. J. Vijayadurai, Director, DDE and Professor of Management Studies, and
2. Dr. S. Rajashabhala, Member Syndicate, Associate Professor & Head i/c Department of Theoretical Physics.

Then, Second, welcomed the disciplinary experts form the field of industry, commerce, law, education, and medicine.

1. Mr. Devanathan represents industry and he is the proprietor of Win Solar
2. Mr. Sekar represents commerce and he is the proprietor of Supreme Electricals
3. Mr. M.E. Elango is also an advocate
4. Dr. J. Aruldoss, former vice principal of the college and
5. Dr. J. Daniel Chellappa is a Senior Scientist (TCW) at Bhabha Atomic Research Centre (BARC) Govt. of India, Chennai.

He welcomed the Vice Principal, Bursar, Dean for Policy and Administration, and Controller of Examinations who represent the American College Faculty. He welcomed all the heads, directors, and coordinators of the academic departments in the College. He extended a special word of welcome to the first member-secretary of the Academic Council of the college Dr. J. Paul Jayakar.

He then briefly explained the salient educational innovations that the college introduced from time to time.

1. The American College is the first and the only college whose faculty prepared for college autonomy for a decade following the recommendations of the 1964-66 Education Commission popularly known as Kothari Commission.
2. It became one of the first institutions selected by the state government and the UGC for conferment of autonomy nationally in the year 1978.
3. It was the first to introduce the electives under choice-based credit system under autonomy.
4. It was the first to introduce the joint setting of question papers and valuation of answer scripts.
5. It was the first to display the results of the paper the very next day after the examination.

6. It is the first to introduce the supplementary exam in June decades before the Tamil Nadu government introduced it for higher secondary students.
7. It is the first to introduce the double valuation at the undergraduate level.
8. It is the first to permit the internal-external valuation in the departments.
9. It is the first to introduce the concept of a teacher having multi-roles such, course designer, BOS member, teacher, invigilator, and examiner of the course that they teach.
10. It is the first to introduce student members in both Boards of Studies and Academic Council.
11. It is the first to offer community college courses under autonomy.

He noted that in spite of all such bold innovations and experiments, the college is constrained to adopt certain changes in tune with the guidelines of the University Grants Commission. It is the first time in its forty-year history of college autonomy that the Academic Council was meeting without the entire faculty and student representatives. However, the college involved all stakeholders at different stages of curriculum planning and revision. He explained the various stages. The proposals that were being placed before this august house were already wetted at four levels: Department committees, Department meetings, Boards of Studies, and Senatus. The ratification by the Academic Council was the fifth stage. Student representatives were involved at the first two levels. Of course, the whole exercise started with students' feedback both at the department and college levels.

He asserted that it is precisely for this same reason that internal members of the House would graciously permit the external members to make their suggestions and contributions. He expressed his happiness that the proposals were being reviewed by university nominees of whom two were syndicate members and the disciplinary experts from the fields of law, medicine, industry and commerce and of course higher education.

With these introductory words, he again wholeheartedly welcomed everyone to this highest academic body in the college.

He read out the items on the agenda before he took up the first item on the agenda, namely confirmation of the minutes.

Mr. S. Stephen raised the issue of fixing a minimum in CIA as a condition to appear for EOS. Messrs. A. Martin David, G.C. Abraham, K. Gnanasekar, and T.K. Ganesan explained that it could lead to better results and that students lacking internals could also appear for improvement in the subsequent appropriate semesters during the internal tests.

The minutes of the previous meeting **was passed unanimously.**

Special Resolution

RESOLVED that the aided and self-financed departments that offer additional sections at UG and PG levels follow the common curriculum with appropriate department acronyms preceding the course numbers with effect from the academic year 2018-2019.

Resolution was moved by Dr. J. John Sekar, Dean of Academic Policies and Administration and seconded by Dr. J. Paul Jayakar, Additional Dean of Academic Policies and Administration.

To a query from Mr. S. Stephen, it was explained that the change was effected in view of the objection raised by NAAC Peer Team that since the parent university offers the same degree to the students of both aided and self-financed streams, there should be the same syllabus, or the administration should have different nomenclature for the programme. Hence, it was decided to have the common BOS which can decide on the NME and LS courses that are specially meant for SF streams.

The Principal-Chairperson invited the external members to make their observations.

Mr. Devanathan appreciated the postgraduate department of Tamil for having included a course on the media (PGT4349). He also invited the diploma students of Food Processing and Preservation to visit his dairy in Chennai for hands-on experience.

Mr. Daneil Chellappa suggested that students should be trained to become scientists, and assured that if chairperson permitted him, he would conduct an orientation programme so that they could get training on chances to find themselves in national labs as scientists after proper qualification. He also suggested that science departments could encourage their students to visit science laboratories and institutions like BARK so that they would come to know what was going on in such places of higher learning in the country. He advised students to get internships in summer programmes.

Dr. J. Vijayadurai appreciated the way the council was conducted. He stressed the importance of acquiring entrepreneurship and employability skills in and through curricula.

Under other matters, if any, Mr S. Stephen raised the issue of faculty representation in the Academic Council as suggested by the UGC that "four teachers of the college representing different categories of teaching staff." He interpreted 'categories' association professors, assistant professors and lecturers.

Dr. S. Rajkumar Immanuel and Mr. J. Justin Manohar defended the composition.

The chairperson reacted to Mr. S. Stephen that the the UGC norms have been scrupulously followed and it has been approved by the Governing Council. He also said that different categories of faculty members have already been included in various other forums in the college.

Dr. A. Robson Benjamin responded to Mr Daniel Chellappa that some students of Physics department had already been placed in Kalpakkam and ISRO. He also observed that solar power could be utilized while conventional energy resources were not available in the campus. He expressed that the academic council was the highest academic body to decide on its memberships.

Dr. J. John Sekar, Dean, Academic Policies and Administration, proposed a vote of thanks. He thanked all the external and internal members for their cooperation and involvement. He observed that it was a red-lettered day because the college had adopted the UGC in restructuring the composition of the Academic Council whereby a new position had been created. He congratulated Dr. J. Paul Jayakar on his being the first member-secretary. He observed that the Council was lucky enough to have representation from different fields such as medicine, law, business, and above all two members from the syndicate of the parent university.

Before the chairperson adjourned the meeting, he invited all the members to dinner at Officers' Mess.

The Principal-Chairperson invited the external members to make their observations.

Dr. Lellis Thivagar suggested that the style of documenting publication details followed by the RPS department could be revisited and changed. Dr. Robson asked whether matters regarding the resolutions could be taken for discussion after resolutions have been passed. Dr. J. Paul Jayakar opined that the suggestions always be taken positively as they would be helpful for the stakeholders, namely students. The Chairperson also observed that any suggestion by the external members have to be taken in the right sense. With these observations, the Chair asked the department to rework on the uniform pattern of publication details in all courses.

Dr. Rajashabala also suggested that the textbooks have to be mentioned as they would facilitate the students for their preparation.

Dr. Daniel Chellappa congratulated all the members on their meticulous efforts in designing the syllabi for various courses. He also appreciated Dr. J. John Sekar, Dean for Academic Policies and Administration for drafting the Programme Outcomes for undergraduate, postgraduate, and research programmes. He suggested that science departments could have discussion with scientists at BARC, TIFR, and other research centers in India so that syllabi would match with the existing requirements. He also suggested that all the science departments could encourage their students to visit science laboratories of all research centers in the country and departments can also send students for internship programmes, invite experts for lectures and seminars.

Dr. J. Vijayadurai appreciated all the members for carefully aligning the department OBE with college POS and for the 4+ mean value for majority of the courses. He also appreciated for starting new courses in the Satellite campus.

Under other matters, if any, Mr. S. Stephen suggested that the AC Appendix be distributed a little early so that the members could come prepared. He also suggested that the college should be wary of the equivalency of courses as it is important as far as students' career is concerned. He also suggested that it would be appropriate for the Evaluation & Reforms Committee to revisit the existing reforms undertaken in 2017. He also appreciated the Office

of the Dean of Academic Policies and Administration on their meticulous work in the conduct of the Academic Council.

The Chairperson assured that the a proper revisit and reform will be done on Examinations before the next Academic Council. He also announced that special centers would be started to facilitate students who appear for TNPSC Group exams.

Principal thanked all the members and external experts for their valuable suggestions and before the chairperson adjourned the meeting, he invited all the members to dinner at Officers' Mess.

இந்தோனேசிய அரசின் கல்வியாளர்கள் பிறரோடு இந்தியப் பாரம்பரியத்தின் பங்களிப்பைக் கற்றுத் தரவந்த சான்றோர்களில் மிக்கவர் பேராசிரியர் ஹாஜி முகமது நூர்டியன் மஹ்தூன் அவர்கள். இந்தியாவின் தமிழகத்தோடு அவர் கொண்டிருந்த நெருக்கமான தொடர்பு அவரை இங்கு அடிக்கடி வரவழைத்தது. அதனால் தமிழ்ப் பண்பாட்டின் மீது அவருக்கு ஈடுபாடு ஏற்பட்டது.

பேராசிரியர் பாபாஜான் அவர்கள் அவர்களுடைய இல்லத்திற்கு என்னை அழைத்துச் சென்றார். அவரது இரண்டாவது மனைவி அன்புடன் வரவேற்று உபசரித்தார். அவரோடு சிறிது நேரம் உரையாடிக் கொண்டிருந்தோம். அதன் பின்னர் அவர் தமது நூலகத்தைக் காட்டினார். அங்கு தமிழ் நூல்கள் பல இருந்தன. அவற்றைப் பார்வையிட்டேன்.

பேராசிரியர் முஹம்மது இத்ரீஸ் அவர்களின் இல்லத்திற்கு அவரோடு சென்றேன். அவரது நூலகத்தைப் பார்வையிட்டேன். அங்கும் தமிழ் நூல்கள் பல இருந்தன.

பேராசிரியர் பாபாஜான் அவர்கள் தமிழகத்தில் பிறந்து வளர்ந்த தமிழ் முஸ்லிம்களின் வரலாற்றை ஆய்வு செய்து வருகிறார். அதற்காக அவர் பல முறை தமிழகம் வந்து சென்றுள்ளார். அவரோடு தமிழகத்தில் பல இடங்களுக்குச் சென்றேன்.

பாடத்திட்ட வரைவுக் கூட்டம்

19.10.2019

இறைவணக்கம் முனைவர் ஜிஜி கிறிஸ்டோபல் நடத்த கூட்டம் தொடங்கியது.

பாடத்திட்ட வரைவுக் கூட்டத்தில் கீழ்க்கண்ட கருத்துக்கள் விவாதிக்கப்பட்டுத் தீர்மானங்களாக நிறைவேற்றப்பட்டன.

1. கேள்வித் தாளில் 'பகுதி அ' (MCQ) இருபது மதிப்பெண்களுக்குத் தரப்படும். ஒவ்வொரு கூறிலிருந்தும் நான்கு கேள்விகள் K1 – K6 க்கு ஏற்ற விதமாக எடுக்கப்பட வேண்டும் என்ற தீர்மானம் நிறைவேறியது. (20X1=20) கேள்வித்தாளின் 'பகுதி ஆ' ஒரு பக்க வினா: K1 – K6 க்கு ஏற்ற விதமாக அல்லது ஏற்ற பாணியில் ஐந்து கேள்விகளுக்குப் பதில் தருமாறு அமைக்க வேண்டும் என்ற தீர்மானம் நிறைவேறியது. (5X7=35) கேள்வித்தாளின் 'பகுதி இ' கட்டுரை வினா: K1 – K6 ஏற்ற விதமாக ஐந்து வினாக்கள் கொடுத்து மூன்று வினாக்களுக்குப் பதில் தருமாறு அமைக்க வேண்டும் என்ற தீர்மானம் நிறைவேறியது. (3X15=45) அனைத்து வினாக்களுக்கான திருத்து நெறியும், சுருக்கமாகத் தெளிவாகத் தர வேண்டுமென்ற தீர்மானம் நிறைவேறியது.

2. வினாவிற்கேற்ற விடைகள் பொருத்தமுடனும், பிழைகளற்றும், இலக்கிய வரிகளை, இலக்கண வரிகளை மேற்கோளாக எடுத்தாண்டும், நடைச் சிறப்புடனும் அமைந்திருந்தால் 76% மேல் மதிப்பெண்கள் வழங்கலாம் எனத் தீர்மானிக்கப்பட்டது. விடைகள் தெளிவாகவும், ஓரளவிற்குப் பிழைகளுடனும் அமைந்திருந்தால் 61 முதல் 75% வரை மதிப்பெண்கள் வழங்கலாம் எனத் தீர்மானிக்கப்பட்டது. அதிகமான குறைகளுடன் பதில்கள் நன்றாக அமைந்திருப்பின் 51% முதல் 60% வரை மதிப்பெண்கள் வழங்கலாம் எனத் தீர்மானிக்கப்பட்டது. மிகச் சாதாரணமான, சராசரியான விடைகளுக்கு 50% மதிப்பெண்கள் வழங்கலாம் எனத் தீர்மானிக்கப்பட்டது.

3. புறத்தேர்வாளர்களை அனைத்துப் பருவங்களுக்கும் தேர்வு செய்து பட்டியலிட்டு, தேர்வுக் கட்டுப்பாட்டு அதிகாரிக்கு அனுப்புவது எனத் தீர்மானிக்கப்பட்டது.

4. இளங்கலை, முதுகலை, இளநிலை ஆய்வுப் பாடங்களுக்கான OBE வரையறை செய்யப்பட்டது.

பாடத்திட்ட வரைவுக் கூட்டம்

நாள் : 01.09.2020 செவ்வாய்க் கிழமை
நேரம் : நண்பகல் 12.00 மணி

நிறைவாக்கம் : முனைவர் ஜெ.ஜெயில்டோபல்

இக்கூட்டத்தில் மதுரை காமராசர் பல்கலைக்கழகத் தமிழியற்புல இயக்குநர் பேரா. இராமராஜபொன்முடி, மதுரைக் கல்லூரி தமிழ் உயராய்வுமைய இணைப் பேராசிரியர் ந. நற்றினைக்குமார் ஆகியோர் பாடத்திட்ட வல்லுநர்களாக கலந்து கொண்டனர்.

- தமிழ்த்துறையில் பயிலும் மாணவர்களுக்கு ஏற்ற பருவத்தில் தொழில்சார் படிப்புகளை அறிவாக்க வேண்டும் என்று முதுகலைத் தமிழாசிரியர் பேரா. சரோஜினி கருத்தினை முன் வைத்தார்.

- 'அமெரிக்கன் கல்லூரித் தமிழ்த்துறையினரால் வழிவமைக்கப்படும் பாடத்திட்டங்கள் சமகாலத் தேர்வுகளுக்கு - புதிய இலக்கிய வகைமைகளை முதுகலைத் மாணவர்கள் அறிந்தும் கொள்ளும் வகையில் அமைந்திருப்பது தனிச் சிறப்பு. மேலும், தொல்லியல் - நாணயவியல் போன்ற பாடப்பகுதிகள் கவனம் பெறத் தக்கன. நாட்டுப்புறக் கலைப் பயிற்சி பாடம் புதிய தோற்றம் வடிவமைக்கப்பட்டு இருக்கிறது' என்ற கருத்தினை புறத்தேர்வாளர் பேரா. ந. நற்றினைக்குமார் முன்வைத்தார்.

- தொல்லியலும் சுற்றுலாவியலும் பாடத்தில் அகழ்வாய்வு, கோயிற்கலை கல்வெட்டுகள் சார்ந்த

தொல்லியல் சிற்றுலாவாக பாடத்திட்டம் அமைக்கப் பட்டிருக்கிறது. தனிச் சுற்றுலாவாக அனுக வேண்டியதில்லை.

- நாட்டுப்புறக் கலைப் பயிற்சி பாடத்தில் 'தோற்பாவை'க்கு பதிலாக 'தப்பாட்டம்' சேர்த்துக் கொள்ளலாம் என்று புலத் தோர்வர் ந. நத்தினக் குமார் கருத்து தெரிவித்தார். அதற்கு 'தப்பாட்டம்' ஏற்கனவே மாணவர்களுக்குப் பயிற்சி அளிக்கப்பட்டதால். புதிதாக 'தோற்பாவை'யைச் சேர்க்கும் பயிற்சி அளிக்கப்பட வேண்டியதாக பேரா. அரிபாபு, பேரா. கோவிந்தராஜன் ஆகியோர் பதிலுரைத்தனர். பேரா. திரு. பிரபாகர் 'தோற்பாவை' பின்னணிக்கு தெளிவு, அட்டை போன்ற உபகரணங்களைக் கொண்டு பயன்படுத்த முடியும் என்று கருத்துரைத்தார்

- 'தமிழக வரலாறும் பண்பாடும்' பாடம் NME பாடப் பிரிவுக்கள் வருவதால் இப் பார்வை நூற் பட்டியலில் சு. நாகசிதம்பரனின் எழுதிய 'தமிழக வரலாறும் பண்பாடும்' என்ற ஒரு நூல் மட்டுமே போதுமானது என்றும் மாணவர்களுக்கு இந்நூல் மிக எளிமையாக கிடைக்கும் என்றும் புலத் தோர்வர் ந. நத்தினக் குமார் அவர்களின் கேள்விக்கு பேரா. கோவிந்தராஜன் பதில் தெரிவித்தார்.

- 'பேச்சுக் கலை' பாடத்தின் பார்வை நூற் பட்டியலுக்கு பேரா. ம. திலலை எழுதிய 'பேச்சுக்கலை' நூலை புலத் தோர்வர் ந. நத்தினக் குமார் பரிந்துரைத்தார்.

- 'நாட்டுப்புற வழக்காறுகள் - கோட்பாடும் அணுகுமுறையும்' பாடத்தின் கூறு: 4 இல் 'மின்னணு நாட்டுப்புறவியல்' (Digital Folklore) சேர்த்துக் கொள்ளலாம் என்று

புலத்தேர்வர் ந. நந்தினிக் குமார் பரிந்துரைத்தார்.

- அறப்பணித் தமிழ் - பாடத்தில் 'வெற்றிமகள்' பகுதில் சில மாற்றங்கள் செய்யப்பட வேண்டும் என்று புலத் தேர்வர் பரிந்துரைத்தார்.

Members Present:

Chairman – Prof. N. Elango

University Nominee – Dr. D.M. Amala, Sri Meenakshi Government Arts College for Women, Madurai.

Subject Expert – Dr. A. Arjunan, MTN College, Madurai

Alumnus – Prof. P. Arun Thiagarajar College, Madurai.

Student Representatives – S. Smith Wigglesworth (IIMA)

S. Pathan Jaleeswaran (III BA)

Members of the Faculty:

Dr. John Sekar, Dr. J. Rajakumar, Dr. M. Rajendra Pandian, Dr. M. Lawrence, Dr. J. Paul Jayakar, Prof. K. Ravi, Prof. V.P. Sagimaynonathan, Prof. C. Joel Gnanadoss Timothy, Prof. A. Dinakar, Prof. R. Daniel Rubaraj, Prof. Thomas Varghese, Prof. Sheeba Premsingh and Prof. T. Anita Caroline.

The meeting began with a prayer by Prof. V.P. Sagimaynonathan. Prof. N. Elango welcomed the members.

Dr. John Sekar introduced the new CBCS grid and informed that the common changes were mooted by the college in accordance with the government recommendations. He made the following announcements:

- Part I (Tamil/Hindi/French) and Part II (English with the existing syllabus for all four semesters) would remain unchanged.
- Life Skill courses had been reduced from 6 courses of 4 hour duration to 4 courses of 3 hour duration each.
- 2 Non-major electives would be offered. Students from the Science stream would take courses from Arts/Humanities stream and vice versa. Those two Non-major courses would be of 3 hour duration each.
- Major supportive courses would be offered in lieu of supportive courses from the Cluster Groups.

It was decided to offer a course on Contemporary British Literature instead of African-American Literature in the 6th Semester.

Dr. J. Paul Jayakar made the following observations/changes in the draft:

- Japanese to be removed from the grid as it was not offered anymore.
- Credits for the course history of English Literature should be 4.
- In the 3rd Semester total credits should be 27, and marks should be 405.
- The total number of hours for Self-supportive courses should be mentioned in the grid as 20 and total credits as 16 and total marks as 240.

Dr. John Sekar added that 40% of testing would be from the Self-study unit. He also informed that Self-study unit was an innovation. Mr. S. Smith Wigglesworth of II MA observed that it was an excellent idea.

Prof. N. Elango suggested that Prose I and Prose II be chronologically differentiated in the preamble. He also opined that the courses suggested for the BA Programme in the grid and the prescriptive and descriptive syllabi for I and II semesters were capitalist and colonial in nature and the subaltern voices were not properly represented.

It was decided to have only oral exam/viva for Pronunciation Skills both for internal and external examinations.

Dr. John Sekar would identify terms for Self-study in the course Literary Terms and Forms. It was also suggested that the terms in Units 4 and 5 be classified around literary genres.

The following suggestions were made.

- Poetry – I to be unitized according to Age.
- *English Literature* by William J. Long and *A Short History of English Literature* by Ifor Evans to be included in History of English Literature Course.
- Unit 5 in Science Fiction Course would be for Self-study

It was resolved to approve the evaluation pattern proposed. It was also resolved to introduce Certificate courses in English such as English for Employability, Spoken English, Effective Communication Skills. The syllabi of the courses mentioned above were also approved. It was also proposed to offer the following Certificate Coursed: English for Study Abroad, American English, International English and Business English.

The Chairman thanked all the members and adjourned the meeting.

The meeting started with prayer by Mr. Samuel Joseph.

The coordinator of S.F. stream Dr. J. Paul Jayakar welcomed the members and initiated the presentation of various courses for U.G. and P.G. before the board.

The members suggested to include one more poem in the course ENS 2561. They also suggested to have 'Whitsun Wedding' a poem by Philip Larkin in the same course.

After some corrections in spellings in the course it was unanimously passed.

ENS 2565 Indian Writing in English was presented before the board and the following suggestions were made.

To remove Raja Rao's Kanthapura and include Sashi Desh Pande's That long Silence

To include a speech by Sashi Tarour in Prose instead of The Renaissance in India by Aurobindo

To have Hayavadana in only study

It was recommended to have a discussion on these changes and to decide.

The members of the board suggested to remove George Orwell's 'Shooting an Elephant' from ENS 2466, Prose II since it is already included in another course.

The board recommended Eugine Neil's 'Emperor Jones' instead of Tony Kushner's 'Angels in America' in ENS 2562 American Literature.

It was suggested to rearrange the contents in reference in ENS 2470 to have uniformity in methodology.

The board recommended to have uniformity in writization of genres.

It was suggested that Unit I should read as Background Study of Africa instead of Introduction in PSE 5409 African American Literatures.

The board recommended to put M.L.K's I have a dream under 'prose and to include Frederick Douglass' Oration, delivered in Corinthian Hall in Unit I in PSE 5409 African American Literatures.

The board advised the department to ensure the availability of resources and study

materials to the students

The meeting ended up with vote of thanks by Mr. J. Moses.

The Board of Studies in English(PG) began with a prayer by Prof. Orange Daffny Mary. Prof. N. Elango, the chairman of the Board, welcomed the members of the Board. He introduced the syllabus and mentioned that the major changes include the reduction of the CBCS courses from the existing four courses spread across four semesters to two now proposed to be offered in the first two semesters. He also observed that as per the college norms the students of the PG English Department could not opt for the courses offered by the Department. The Grid of the syllabus for all four semesters was presented and ratified by the Board. Then the prescriptive and descriptive syllabi for each course was presented and approved with some suggestions.

In Prose, it was decided to drop one essay from each unit and change the objectivies.

Poetry: Chaucer to Hopkins: it was decided to include only the first 100 lines of *Paradise Lost Book IX*

Shakespeare: It was decided to have three units of texts written by Shakespeare and two units on Shakespeare and change the course title to Shakespeare Studies

Ms.Sharon Shiloni suggested that a course on Regional Literatures may be offered. Prof. C. Joel said that in the new grid proposed there was course on Regional Literatures in English apart from Indian Literature in English.

Dr. S. Chelliah and Dr.Kubendran observed that credit distribution and hour allocation for each course must synchronise.

Dr. J. John Sekar said that it was resolved that at an 'emergency Deans' meeting to have buffer courses for CBCS and the detailed syllabus could be sent to the external members for ratification.

Dr. J. Paul Jayakar, the Head of the Department (SF) moved a resolution to adopt the proposed PG curriculum of the Aided stream for the PG Self-Financed programmes with effect from the academic year 2018-2019. He also moved another resolution to adopt the UG curriculum of the Aided Stream for the UG Self-financed programme from the academic year 2018-2019. Both resolutions were passed.

Dr. J. John Sekar proposed a vote of thanks.

As there was no other matter, the chairman adjourned the meeting.

MINUTES OF THE BOARD OF STUDIES IN ENGLISH HELD ON 15 DECEMBER 2020

The Board of Studies in English held on 15 December 2020 began with a prayer by Mr. V.P. Sagimaynonathan. Dr. J. John Sekar was in Chair. He welcomed the University Nominee Dr. S. Chelliah, the Subject expert Dr. V. Natarajan and all the faculty members of the department. Dr. J. Paul

Jayakar, the Convenor of the Sub-committee on Syllabus revision introduced the Second year UG + PG courses. She observed PG overall curriculum comprised 21% Job oriented courses and the UG curriculum contained 27% Job Oriented Courses.

Dr. V. Natarajan, the subject expert appreciated the fact that Department of English, The American College had utilised Autonomy to the maximum. Both UG + PG Syllabuses reflected the needs of students. He also appreciated that syllabus had incorporated the global developments in English Studies while being sensitive to the local needs.

However, Dr. V. Natarajan felt that prescribing five novels in course was a little ambitious and that four novels would be a manageable in the allotted time. He also observed that more number of Special Authors could be included in the optional Special Author. He described 'Asian Literatures in English' as an innovative course in the ~~PG~~ MA Syllabus. He suggested that Phrasal Verbs be included in the Value added course on Preposition.

The BA + MA student representatives from aided + self-financed streams actively participated in the discussion. The Student observations are as follows: (i) General introduction to all the terms discussed in the

course PGE 57.71 Modern Literary Theories 4.
(ii) ENG 2585 Fiction 4 - The number of novels in the course may be reduced since all the Victorian novels were voluminous.

Dr. Stanley Mohandoss Stephen, Head PG (SF) proposed a vote of thanks

After incorporating the suggestions made by the University Nominee, the Subject expert and the student representatives, the following resolutions were made -

R1: Resolved to approve the revised curriculum for Second year BA.

R2: Resolved to approve the revised curriculum for Second year MA

Progress and Proceeding

- With the members of the Board Of Studies assembling at 9.30 a.m., the meeting was called to order.
- Mrs. Sunitha was requested by the Chairman to minute the proceedings.
- The meeting started with the prayer by Ms Ashwini Veronica, the faculty member of MA (SW).
- Dr.G.C Abraham in chair welcomed the members.
- He presented the rationale for revision and informed that the BOS was coming through after long hours of reflection and painstaking effort and labor put forward by the faculty members drawing inputs form students (both present and past), peers, collaborating

agencies. He informed that the invaluable feedback gathered from stakeholders steered the way. He said the existing curriculum was kept as a base for this revision. In the course of restructuring care was taken not to lose sight of the intellectual orientation and therefore theoretical base is not compromised. He said that the revision vastly drew on the cumulative experience of teaching- learning experience and needs articulated by students, and job-market preferences.

- Mr. Augustus gave a brief introduction of the members of Board and he also captured his earlier experiences of revision done in 2003 & 2006.

Setting

It was decided in the BOS to discuss and draw consensus on

1. Approving the of the frame of the academic program which is to be implemented form the academic year 2015-16 onwards,
2. Studying the course content of the various courses offered in the program of study ,
3. Working out the nitty-gritty of expanding the field exposure
4. Taking suggestions from the invited academics and senior members by members to slate support programs and activities to enrich the professional component of the training
5. Devising strategies to attract attention of public and peers to make the study more robust
6. Generating ideas to propose newer life skill courses and launch diploma programs and certificate course and take up other specified activities that would attract public attention in favor of popularizing the social work initives of the department and the college, and to
7. Find out ways and means of making the students function as professionally competent social workers or social entrepreneurs that the primary object of the department stands fulfilled.

Discussion

- Dr. Kannan, the university nomine and the Principal of Madurai Institute of Social Work and the senior member of the BOS made his opening remarks and initiated the discussion.
- He suggested that the time had come for the department to launch full-fledged MSW program with the nomenclature changed from M.A Social Work to MSW program by introducing certain key papers in the core and specializations and by bringing in value added courses. He said he shall be more than willing to help the college to work on other prerequisites meant for ushering in this change.
- In the format prepared and presented, he suggested that titles of certain courses, for example, *Introduction to Social Work* can be changed as *Professional Social Work &* *Social Problems*, and *Understanding Society* to *Sociology to Social Work Practice* and *Elements Psychology for Social Work* to *Psychology to Social Work Practic* shall also be altered. .
- He opined that the department could think of introducing M Phil program in Social Work.
- Dr Kannan suggested that instead of two courses for each of specialization in IInd year program the feasibility of offering three theory courses can be explored. Adding further he said the order of sequencing the papers can be changed a bit by judiciously juggling core papers. Regarding the prescriptive content, he said that there should not be any ambiguity or overlapping during unitization ofsyllabi. He advised that the syllabus can be elaborate, explicit and long enough to give clarity not only the students and also to the question paper setter.
- Prof. Gurubharathi, another invited expert expressed similar views. He opined that the credits given for common papers in 3rd & 4th semester and summer placement can be reduced and instead a theory paper for each specialization can be added during the second year. He also emphasized in introducing new courses in the second year on Livelihood, Entrepreneurship and Urban Development and based upon his proposal the following new courses were introduced to enrich the knowledge of the students in their respective specialization:

- Prof. Gurubharathi added that concurrent Field Work in 4th semester can be replaced by Block Placement to facilitate more field level learning and exposure to the students. In the 1st semester students can be taken for observational visits followed by the Concurrent field work in the 2nd semester which will shape the understanding of social realm and social work perspectives in different settings.
- During the discussion he mooted the idea that text books will have to be prescribed for each and every course. He underlined the importance of recommending students to purchase their own sets of texts and books. Members agreed that each student and the department library should have enough stack of text books besides procuring standard reference books for every course that is mentioned in the syllabi.
- When it comes to field work, it was pointed out that there should be regular meeting with the agencies where the students go for field work placements. Mr. Syed Ali, the external member form LAICO pointed out that there should be a introduction session on field work for the students before they are set out for attachments and placements in various agencies. He viewed that there should be a detailed presentation on what is be learnt from field experience, and that do's and the don'ts that he deputed student remember while serving other agencies must be clearly stated.
- It was insisted that checklists should be prepared while embarking on field work for it was agreed that the primary object of the social worker is to be equipped well enough to handle any eventuality. Hence Mr Syed insisted that while sending a student for self study and group study in field or a agency, he /she will have be informed clearly about what exactly will be the outcome of the exercise. He viewed that various aspects of observations including details on governance of leadership, Human Resources, Finance Training, Monitoring and so on will form a part of the checklist. Each student must be advised carry with him/ her all the time while being mentored. He went onto advice that a checklist in the sort of a MoU shall be duly signed by the coordinating faculty in the college and the staff facilitator attached to the agency.
- On infusing trendiness, members felt that all innovations in Social Work should be included in the syllabus and there should be enough room for an open ended learning. Towards popularizing the MA(SW) program, a suggestion was given to observe a grand "Field Work Day" on campus. It was opined that on such occasions members from

different agencies, faculty and the students from other department and other colleges will have be invited to meet one another.

- Dr.G.C Abraham pointed out that this BOS is trying to fix clear responsibilities for staff and students in the department. He said that though department is trying its best to cater to the needs and expectations of the students and the job-market, faculty and students have not come to the zenith. . He underlined that clear guidelines on duties, responsibilities, liberties, limits and job roles that each one will have evolved to perform while transacting business.
- Mrs. Sunitha suggested that the checklist prepared for field work should be used in such a way that some these elements can be addressed and incorporated. She cautioned that the proposed checklist must help in analyzing what is internalized as learning experience rather leading to copy information from one another. She said it must avoid the replication and students should denied chances for *Plagiarism* and *Copying*.
- All members including students saw that field work should aid in action-learning process. Mr.Raffi raised an issue that students are not getting job placements in their own specialization after the completion of the course. External expert Mr. Syed responded that this problem is with the students' mindset. He strongly advocated that a social work student will have to clearly transcend preference and prejudice and must be willing to be engaged in any job they get. As a social work professional he said that only at rare instances there are problems from the agency side.
- To be sure that the deployment is successful senior members felt that the department should evolve mechanism that the agency will work on tandem with the college. It was advised whenever students are deputed to agencies or field work the older practice of faculty interfacing should be insisted.
- Dr. G.C Abraham said that that he had felt that the student's intelligence is not being properly tapped. Mr. Augustus intervened and said that this may be because of the gap in students sill set and the choice he/she exercises in choosing his/her specialization. External experts and faculty observed that many a times a student chooses specialization without realizing his/her capacities and capabilities lands up in problem and therefore pre-project selection exercise by way of conducting a screening test or making mock presentation may be introduced.

- Mr. Raffi requested the department to once again pitch for the starting of the Diploma in Population Ageing in the department. Ms. Ashwini raised an issue that all the field placements (summer, block, concurrent) are only in the specialization and that there is lack of generalized field exposure. Dr. G.C Abraham responded by saying that here is no harm in planning for any number of observational visits, field studies and site evaluation in the respective areas of specialization, if the experts teaching the subject obliges to do so. The present pattern, he opined, will be quite sufficient and helpful to offer the student to gain an overview on all fields and a subject-wise in depth training may fill the bill as the member expected.
- Mr. Augustus shared that in the present context specializations in Social Work more are can be exercise in identify the apt organization among the one doing different kind of activities and this must largely come as a part of a student initiative. Returning back to his comment on curriculum in Developmental Management he said that the international perspective on Migration, Refugee, rights violation and other current sociological issues must get mentioned. The chairman, Dr Abraham said that college is never averse to expanding the knowledge base and the twin format of writing syllabi in (i) descriptive format and (ii) prescriptive mode, if restored, can be used admirably address to such needs.

Inputs from students

Ms. Afsaras, an MSW student representative placed the following demands:

a. When students are taken to field visits she said that there should be proper planning. She said the scope of field visits, summer placement and block placement should be clearly defined.
b. There should be equal number of visits covering all specialization.
c. The procedures of selecting the specialization by the student can be clearly mentioned in advance and allotments can be made during the 2nd Semester itself.
d. More theory paper can be included to augment understanding in specialization.

A request was placed by the department to Mr. Syed Ali to help in identifying organizations in the future.

With thorough discussions in BOS, members agreed to approve the grid and the content. Consequently, the following resolutions were moved and seconded and passed unanimously.

Progress and Proceedings:

- With the members of the Board of Studies assembling at 10.00 a.m., the meeting was called to order.
- Mrs. Sunitha Evelyn Christy was asked by the Chairman to minute the proceedings of the meeting.
- The meeting started with the prayer by Mrs. Ashwini Veronica.
- Dr. T. Augustus Julian Lazmey in the Chair welcomed the experts and members of the Board of Studies.
- He expressed the need and rationale for the change in the existing syllabus. He also informed that this is the fifth revision of syllabus.

Discussions:

It was decided in the Board of Studies to discuss and draw consensus on the following:

- In Semester I, the Unit II of paper 3 (MSW4505), Development of Psychology to be renamed as History of Psychology as the former resembles the Developmental psychology. Branches and fields in psychology can be more emphasized. Also, pre-scientific psychology is not required.
- Prof. Gurubharathy suggested that the core papers in Social Work curriculum should be given more importance and weightage.
- Moreover, he also insisted to treat Psychology and Sociology papers as supportive papers in the First Semester.
- He also suggested to drop off Counseling and Therapeutic Interventions from the proposed grid.
- Social Case Work and Social Group Work can be split into I and II semester respectively to give more weightage to the core methods of social work.
- Prof. G. Gurubharathy suggested to change the order of course in the I and II semester as specified below:

Semester I: **MSW 4401** – Paper 1 – Introduction to Social Work Profession

MSW 4403 – Paper 2 – Sociology for Social Work Practice

MSW 4405 - Paper 3 – Psychology for Social Work Practice

MSW 4407 – Paper 4 – Social Case Work Practice

MSW 4409 – Paper 5 – Life Skill Competencies and Field Visits

Semester II: **MSW 4402** – Paper 1 – Social Group Work Process

MSW 4404 – Paper 2 – Community Organization and Social Action

MSW 4406 - Paper 3 – Social Welfare Administration and Policy

MSW 4408 – Paper 4 – Social Research and Statistics

MSW 4410 – Paper 5 – Field Work (Block Placement)

- In the proposed Grid, Social Legislation in India in the II semester weightage can be reduced and incorporated with MSW 4406 Social Welfare Administration and Policy as a Unit.
- MSW 4510 Preparatory Field Work renamed as Field Work (Block).
- In Semester III, the experts suggested to incorporate a new course dealing with Rights based approach for Development and hence it was decided to have the title of the paper Human Rights Perspectives for Development (MSW 5401) as common paper in the III Semester as a replacement paper for Counseling and Therapeutic Interventions.
- In the specialization I Medical and Psychiatry Social Work papers of III and IV semester respectively, the title of the courses and the contents were discussed in a elaborated manner and members agreed on the content.
- In the specialization II Development Management all the courses of III and IV semester respectively, the title of the courses and the contents were discussed in a detailed manner and member unanimously agreed on the content.
- The experts suggested that Social Entrepreneurship paper can be renamed as Livelihood and Social Enterprises.
- In the specialization III Human Resource Management all the courses of III and IV semester respectively, the title of the courses and the contents were discussed in a detailed manner and member commonly agreed on the content.
- The members suggested that the Human Resource Development course can be renamed as Human Resource Management – II since it is part of the continuity of Human Resource Management – I in the III semester.
- The experts and members agreed on the common paper presented in the IV semester.
- Prof.G. Gurubharathy emphasized that the department should set up Live Labs in villages and slums for enhancing the application of knowledge in social work by inculcating the action towards the betterment of the society in a way of adopting the communities.
- Mr. Nyabuto Tumbo Joel, II MSW Student Representative insisted that the concept of behavior modification can be included in psychology course.
- With thorough discussions in BOS, members agreed to approve the grid and the content. Consequently, the following resolutions were moved and seconded and passed unanimously.

- The meeting ended with the vote of thanks proposed by Mrs. R.Rohini.

Mr. A.K.V Sama presented the revised framework Igrid and the detailed syllabus of the supportive courses BCH - 1441 Biochemistry I and BCH - 1442, Biochemistry II offered to the Department of Chemistry. He also explained the logical placements of units in the course structure. He insisted that the course BCH - 1441 - Biochemistry I and BCH - 1442 - Biochemistry II are lab cum theory course with 5 credits

Mr. A.K.V Sama also presented that the course BCH 2440 Hormones and Human Behaviour a supportive course in 4th semester to be shifted to 6th Semester as a BCH 3642 - Hormones and Human Behaviour in place of BCH - 3636 Biostatistics a core course. He insisted that the course BCH 3642 - Hormones and Human Behaviour is now a 6hr course so few concepts were added to the proposed syllabus.

Mr. A.K.V Sama also presented that a

course MAS 2454 - Biostatistics to be offered by the department of Mathematics (SF) as a supportive course in the 4th semester.

The above explained courses and the revised grid / frame work was kept for discussion in fron of external experts and the members of BOS for through scrutiny and discussions and to be passed and recommendations to academic council for its implementation from 2016 to 2017.

Dr. S.R. Murali the external expert begined the discussion for the course BCH 1441 - Biochemistry I and he insisted to change the logical placements of units in the course.

Dr. Raja Mohammed proposed to add a component on the Integration of metabolism. Both the experts insisted to marraage the placements of units in the syllabus as following

Unit I - Proteins and Amino acid metabolism
Unit II - Enzymes
Unit III - Carbohydrate metabolism
Unit IV - Lipid metabolism
Unit V - Vitamins and Minerals.

Dr. Raja Mohammed insisted to have

sequence of reactions in the units - Carbohydrate metabolism and Lipid metabolism.

Mr. C. Caleb Johnson explained to the externals that the courses BCH 1441 and BCH 1442 - Biochemistry I & II was already introduced to the current set of chemistry students (15 CHS series) so the retrospective changes will be discussed and will be presented to the academic council to impliment from the year 2016-2017 the members accepted to the discussions and the paper was passed.

The Lab components in the paper BCH 1441 Biochemistry was also discussed with minor modifications the paper was passed by the members.

BCH 1442 - Biochemistry II was discussed, Dr. S.R Murali Suggested to add inborn errors of Metabolism to the units II and III

Dr. Raja Mohammed insisted to add inborn errors before gout and to add ADA to the unit IV - Nucleic acid metabolism the above suggestions were well taken and the paper was passed.

BCH 1442 Lab II was discussed Dr. S.R Murali suggested to change the methodology of blood glucose and blood urea.

He also insisted to add a lab component for serum protein estimation. The suggestions were well taken and the paper was passed.

BCH 3642 - Hormones and Human Behaviour was discussed. Mr. C. Caleb Johnson explained that this course will be offered to the department students on the VI Semester as a major course with 6 cr / 6 hrs

Dr. Raja Mohammed suggested to add a component on signal transduction next to the mechanism of hormone action in Unit - I Basics of Behavioral Endocrinology with the above minor modifications the paper was passed.

All the above discussions and suggestions proposed by the external experts were well taken and the members accepted to make necessary corrections and recommended to academic council to implement the above courses from the year 2016 - 2017.

Mr. R. Jeyapandi explained the resolutions to be passed as

Resolution I - Frame work
Resolution II - Self supportive - BCH 1441 Biochemistry I and BCH 1442 - Biochemistry II
Resolution III - Major - BCH 3642 - Hormones and Human Behaviour

Mins of Bos Meeting.

The meeting began with the words of Prayer by Ms. M. Angelene Kirubai.

The meeting was chaired by the University nominee Dr. K. Balakrishnan, Associate Professor & Head, Dept of immunology, School of Biological sciences, Madurai Kamaraj University, Madurai.

Prof. C. Caleb Johnson, Coordinator, Dept of Biochemistry, The American college Madurai, Propored the welcome address and extended his invite to all the members of Board of studies.

Prof. C. Caleb Johnson introduced the University Nominee Dr. K. Balakrishnan to the members and inirted that he will be our new University nominee instead of Dr. K. Selvam.

He propored the review of syllabus and explained the existing framework & logical placement of the courses in each respective semester.

He also insisted that as per the recommendations of NaaC every year a dept has to convene atleast 2 Board of studies meeting and to update their curriculum upto the mark of the students thrust.

He suggested that the courses are framed according to the revised frame work which was passed in academic council and started implementing in the years 2015 - 16.

→ Review of syllabus was undergone by the external experts and the syllabus was scrutinized for further modifications.

→ Dr. K. Balakrishnan suggested that the content of the course - pharmacology & toxicology is too heavy for undergraduate level but based on the need & thrust of the students & receiving their feedback can be implemented into the current framework. He also suggested to arrange a special lectures with subject experts.

→ Prof C. Caleb Johnson insisted that as per govt schedule the hours for core course has been increased and CBCS was decreased so there is in need for introducing new courses.

Dr. S.R. Muralis suggested to have a different course instead of fundamentals of biochemistry because the concepts will be continued in Biomolecules & in their supportive biochemistry paper & analytical techniques.

→ Dr. K. Balakrishnan insisted that the contents of Biomolecules & metabolism

should not overlay and also suggested that in the course Immunology - Unit-3 MHC & susceptibility to remain first and then to continue with the remaining chapters. It was accepted to change the Content as suggested.

Dr. K Balakrishnan explained that there is a very strong correlation between epigenetic and in utero condition of the embryo in woman, hence more weightage can be given to woman in the course wonders of Human body.

Dr. K. Balakrishnan also insisted that in the course - Immunology instead of all the types of Hypersensitivity specific importance can be given to Type I, II, IV. He also proposed to add CSIR components to the existing syllabus.

Dr. K. Balakrishnan insisted to add total credits in the existing frame work and indicated that there is no great modification in the existing syllabus. The syllabus was reviewed and decided to implement and Recommended to the academic Council.

The University nominee and the external expert for subject strongly recommended to remove the project paper from the existing frame work and a new course can be supported to the frame. Since

it is too heavy at the undergraduate level and due to the existing strength of students number in the dept it is difficult to carry out project work.

The modifications suggested by the experts was agreed by the members and decided to make necessary corrections in the existing frame work of the syllabus.

Vote of Thanks was proposed by Mrs. J. Renuka.

The meeting was adjourned.

Minutes of Board of studies meeting held on 6th April 2018 at 11:00 a.m in the Department of Biochemistry, The American college, Madurai.

The meeting started with a word of prayer by Mrs. R. Medona Mary.

Prof C. Caleb Jonnson, Coordinator, Dept. of Biochemistry, The American college proposed the welcome address and welcomed the University Nominee Dr. M. Jayalakshmi, Assistant Professor, Dept of Immunology, School of Biological Sciences, Madurai Kamaraj University, Madurai and the external subject expert Dr. S.R. Murali, Professor and Head, Department of Biomedical Engineering, RVS college of Engineering and Technology, Dindigul and other members of board of studies meeting.

Prof. C. Caleb Johnson proposed that as per university recommendation, it is mandatory to conduct Board of studies meeting every year in each Department and as per the strong recommendation of the earlier Board of studies meeting, it was decided to remove BCH 3538 - Project paper and replace it with a new course

Prof. C. Caleb Johnson presented the new lab course BCH 35HH Plant Biochemistry, Protein chemistry and Hormones lab and placed before the floor for discussion as a replacement of BCH 3538 - Project. He also insisted that in the 6th semester there are 3 core papers without a lab component hence a new lab course will be offered in the place of BCH-3538 - Project. Based on the existing infrastructure more weightage was given to Plant Bibchemistry

experiments than hormones and protein chemistry experiments.

Dr. M. Jayalakshmi, University Nominee proposed that in the BCH 354H - Plant Biochemistry, Protein chemistry and Hormones lab experiment for the detection of Thyroid hormone by rapid kit method is not idedl hence recommended to make quantitative estimation by ELISA. Hence proposed to change the experiment or to outsource the students to any laboratory visit for practical demonstration.

She also insisted that to add few more experiments on the hormones and human behaviour like determination of salivary testosterone and to change the terminology of the lab course as BCH-354H - Plant Biochemistry, Hormones and Plant chemistry lab instead of BCH 354H - Plant Biochemistry, Protein chemistry and Hormones lab. With the above suggestions and recommendations the course was passed.

Mrs. J. Renuka senior faculty, Biochemistry Department presented the I yr B.Sc Biochemistry course and placed before the floor for review.

Dr. M. Jayalakshmi suggested that in the BCH 1435 Biomolecules lab to expand the title of the experiments. It was accepted and the courses were passed.

Mr. A.K.V. Sama, faculty, Biochemistry department, presented the II yr B.Sc Biochemistry course and placed before the floor for review and the courses were passed.

Dr. R. Jeyapandi, faculty, Biochemistry department, presented the III yr B.Sc Biochemistry course and placed before the floor for review.

Dr. M. Jayalakshmi University Nominee suggested that in the course BCH 3839 - Forensic science in Unit - 3 to change the terminology from DNA finger technology as DNA finger printing technology. The suggestion was accepted to modify and was passed.

All the above discussions and suggestions proposed by the external experts were well taken and the members accepted to make necessary corrections and recommended to academic council to implement the above courses from the year 2018 - 2019.

Mrs. R. Medona Mary, Faculty, Biochemistry Department explained the resolutions to be passed as,

Resolution I - Frame work

Resolution II - Replacement of the course BCH 3538 project with BCH 3544 - plant Biochemistry, Hormones and protein chemistry lab.

Resolution III - Review of the existing frame work and syllabi.

Response from experts:

Dr. M. Jeyalakshmi University Nominee suggested that the courses framed were upto the mark, which will cater to the needs of the

Minutes of Board of Studies (online) Meeting held on 15/12/2020 at 11.00 am in the department library.

The meeting was chaired by the coordinator Mr. C. Caleb Johnson, Dept of Biochemistry. The American College, Madurai.

The external members were University Nominee Dr. M. Jayalakshmi, Assistant professor, Dept of Immunology, School of Biological sciences, Madurai Kamaraj University and the external subject expert Mrs. C. Uma, former Assistant professor and Head, Department of Biochemistry, SVN College of arts & Science, Nagamalai, Madurai.

The meeting began with the words of Prayer by Mrs. A. Helen Febial, Lecturer, Department of Biochemistry, The American College, Madurai.

Mr. C. Caleb Johnson, Coordinator, Department of Biochemistry, The American College, Madurai welcomed the external members to the Board of Studies meeting. He also extended a special welcome to the faculty members and the student representatives of the Biochemistry department.

He insisted that in the previous Board of Studies meeting, the over all frame work for all the three years and the I year courses was already passed and in this Board of Studies meeting III & IV Semester Courses was framed and placed for discussion.

Dr. S.R. Murali, Assistant professor, Department of Biochemistry, presented the newly framed courses of the III Semester and placed it

for discussion.

The III Semester Courses were passed.

Dr. M. Jayalakshmi insisted that the need for changing course from Medical Microbiology to Microbiology. Since the discipline is Biochemistry Microbiology was given as self supportive explained by the Coordinator.

Dr. R. Jeyapandi, Assistant professor, Dept of Biochemistry, Presented the newly framed courses of the IV Semester and placed for discussion.

Dr. M. Jayalakshmi insisted that in the course Immunology, Why there is special predilection to hypersensitivity as separate unit. Since it is an undergraduate program, it was placed as a separate unit to reduce the weightage.

Dr. M. Jayalakshmi suggested that in the course clinical Biochemistry the diagnostic tools like ECG, EEG should not be repeated in any other courses.

The IV Semester Courses were passed.

Value added courses — Human Anatomy, Diet therapeutics and Herbal Medicines

were placed for discussion and were passed.

Experts Suggestion:

Dr. M. Jayalakshmi suggested that the syllabus was framed and designed to the need for the student's community. The logical placements of the courses were placed in right format in the proposed grid. She also insisted that any sort of corrections can be carried out in the existing syllabus according to UGC guidelines and recommendations. The experts appreciated the efforts of the faculty members in designing the syllabus.

Minutes of Board of Studies meeting held on 19th october 2019 at 11.00 am in the Dept of Biochemistry, The American college Madurai.

. The meeting started with a word of Prayer by Mrs. A. Helen Febial.

Prof C. Caleb Johnson, Coordinator, Dept of Biochemistry, The American College proposed the welcome address and welcomed the university Nominee Dr. M. Jayalakshmi, Assistant Professor, Department of Immunology, School of biological sciences, Madurai Kamaraj University, Madurai and the external subject expert Mrs. C. Uma, Assistant professor & Head, Department of Biochemistry, S.V.N. College of Arts & Science, Mdaurai and other members of board of studies meeting.

The proposed new grid there is following changes of introducing new courses in the II semester the Tge skill course First aid was replaced by a new course common diseases in Human and in IV semester the cancer biology was replaced by the course Endocrinology. In the V the semester the course Molecular Biology and Biotechnology was split in to two individual courses as Molecular biology, Biotechnology and Genetic Engineering and will be introduced in the VI th semester as a new course replacing Hormones and Behaviour. In the III rd semester, the course Nutritional Biochemistry will be introduced with a new option change as Nutrition and Dietics.

Dr. M. Jayalakshmi suggested to introduce the courses Environmental studies and Value Education in the first year o since as per the grid proposed by the Tamilnadu government

it is mandatory to offer these courses only in the third year explained by the coordinator and he also insisted that it can be suggested to senatus meeting for implementation.

Dr. M. Jayalakshmi proposed to introduce the components of cancer biology into the course cell biology & genetics and rename the course title as cell biology, oncology and genetics.

Logical placement of the courses in the new grid was scrutinized and passed in the meeting by the panel members.

Dr. M. Jayalakshmi insisted to have the question paper model with either or pattern questions since the new revised OBE based model question paper harbours the content insisted by the external expert it was approved and passed in the meeting.

Mr. A. K. V. Sama reviewed the first year syllabus in the course BCH 1431 - Fundamentals of Biochemistry Unit - V - Units of measurements can be introduced as Unit - I insisted by the coordinator so that the external experts suggested to frame the contents and title change to the respective unit and can be revisited in the February BOS 2020.

Dr. M. Jayalakshmi insisted that in the course Biochemistry I chapter on nucleic acid is missing and she also suggested to include the component nucleic acid to the Unit - IV and the course title can be introduced as lipid and nucleic acid metabolism.

She also suggested that in the NME course - Wonders of Human body in unit - V - Wonders of Men - spermatogenesis and secondary sexual characteristics can also be included and the title of the unit can be changed as Wonders of Men and Women. Component on heart on the specific function of heart muscle pumping capacity can be included in unit - II along with the lungs.

In the course cell biology & genetics the component oncology can be included in to unit - III cell cycle & cell division and brief outline of microscopy can be introduced in to Unit - I.

In the course Human Physiology unit - I - Fundamentals of Human physiology structure and functions of glands can be remove to reduce the weightage of the course.

In the course Biochemistry II - Nucleic acid component can be removed and can be shifted to Biochemistry - I paper.

Dr. M. Jayalakshmi insisted that in the all the courses latest updated reference text books can be included.

In the course Medical Fitness unit - V - master health check up and can be renamed with routine biochemical test.

Dr. R. Jeyapandi reviewed the II nd year syllabus, the course Nutritional Biochemistry will be changed as Nutrition & Dietetics and the contents of the courses will be renamed and will be passed in

the February BOS 2020.

Dr. M. Jayalakshmi insisted that in the course Immunology on the unit - iii - Major Histocompatibility complex, clinical transplantation component should be included she also insisted to reduce the contents in unit v by removing components such as IgE mediated and antibody mediated cytotoxic hypersensitivity.

In the course Medical Microbiology the contents in unit ii & unit iv can be reduced as discussed in the previous BOS meeting selective micro organisms can be introduced in the respective units.

The course Cancer biology will be shifted to the course cell biology and Genetics as a unit and a new course Endocrinology will be introduced in iv th semester.

Mrs. J. Renuka reviewed the iii rd year syllabus in the v th semester the course Molecular Biology & genetic Engineering will be shifted into two individual courses as Molecular biology which will be offered in the v th semester and Biotechnology and Genetic engineering in the vi th semester replacing the course Hormones and Behaviour.

The floor was kept for the student representative suggestions Mr. Arun Kumar and Ms. Gunavathy of iii yr B.Sc Biochemistry requested to reduce the contents in the course Medical Microbiology it was agreed to carry out.

Organic Farming & BOT 322V - Skills in biology were studied and approved to taken up for implementation.

- In continuation Dr Abraham informed that PG courses PGB422V Nursery and Landscaping meant for I PG and PGB522V Epidemiology and Molecular diagnostics for II PG shall taken up for discussion. Perusing the preamble, course outcome, unitized content and mapping with bloom's taxonomy, content of both these courses were approved.

- Dr. S. Rajkumar Immanuel (Associate Professor & Head UG) suggested that the guidelines for implementing UG project which had not been developed so far shall be presented in this meeting. Dr. R. Sanjay outlined the preparatory framework for reference and the members of the board approved the same. The proposal on the norms for evaluating the III BSc Project were presented in detail and discussed.

After enough discussions and deliberation and consensus the following resolutions were made

1. **R1: BOS December 2020**

   Resolved to recommend to the Academic Council of the American College the two add-on courses (PGB 422V - Nursery and Landscaping & PGB 522V - Epidemiology and Molecular Diagnostics) that shall be introduced from even semester of the current academic year.

2. **R2: BOS December 2020**

   Resolved to recommend the implementation of the revised syllabi for II year UG regular courses (BOT 2551 – Microbiology, BOT 2553 – Archegoniate, BOT 2355 – Horticulture, BOT2657- LAB III (Micro + Arche + Horti), BOT 2552 - Mycology & Pathology, BOT 2454 - Cell Biology, BOT 2456 - Anatomy & Reproductive Biology of Angiosperms, BOT 2658 - LAB IV (Myco + CellBio + ARBA), BOT2359 - Botany for Chemists-I, BOT 2161 - Botany for Chemists-I (LAB), BOT 2360 - Botany for Chemists-II, BOT 2162 and Botany for Chemists-II (LAB) from the forthcoming academic year 2021-22. Recommended by the board to adopt using the guidelines prescribed for launching and executing for UG project.

3. **R3: BOS December 2020**

Resolved to ratify the implementation of all UG add on courses (2020 – 2021) and resolved to introduce the proposed new add on courses BOT 222V - Organic Farming & BOT 322V - Skills in Biology.

On the suggestion given by Mrs. M. Shameem Banu to fortify the employment opportunity and carrier advancement of undergraduate students, the board has given its notional approval and suggested that the nuances can be worked out and presented in the next BOS.

After approving the new proposals and the minutes of previous BOS read by Dr J. Ebenezar, the session was opened for the comments from student members and the experts. Mr. Bharathi III BSc student felt that the syllabus and coaching offered is good and requested that an exposure and training to taking up competitive exams may be included to brighten the prospects. Ms. K.D. Priyadharsini PG student representative observed that the course work given to them was holistic and the new proposals would an additional strength to the course.

The subject expert Dr D. Kathiresan appreciated the faculty members for the hard work done and the democratic processes by which the whole session was completed. He said the revisions of the second year UG courses is a robust academic package and the new add on courses are novel and comprehensive. He was in praise of the procedure and the conventions followed in the conduct of the meeting. Dr. D. Ganesh the University nominee browsing through the contents dispatched earlier expressed satisfaction and wished all well to the department.

After the contemplating on other progressive ideas UG Head Dr. S. Rajkumar Immanuel thank the members of the board and the meeting was adjourned.

Proceeding

- With the members of the Board of Studies assembling in B4 Hall and others joining on-line at 10.00 a.m., the meeting was called to order.
- Dr. G.C Abraham in chair welcomed the members and presented the scope of the meetings.
- Dr J. Ebenezer Immanuel was requested by the Chairman to minute the proceedings.
- The meeting started with the prayer by Dr. J. Thambiraj
- PG Head and Chairperson Dr. G.C Abraham informed members that the present PG curriculum was implemented from 2019 with OBE format. UG general grid with the mentioning of the title of add-on courses has been passed in the last BOS September, 2020. The house has given its nod for the detailed syllabi of the I year UG program and odd semester add-on courses for UG & PG and pointed out that the even semester courses has to be studied and passed in the present BOS.
- Undergraduate Head, Dr. S. Rajkumar Immanuel informed the gathering that the regular course for II year UG program is due to be taken up for a discussion in this meeting. Content of the courses BOT 2551 – Microbiology, BOT 2553 – Archegoniatae, BOT 2355 – Horticulture, BOT 2657- LAB III (Micro+Arche+Horti), BOT 2552 - Mycology & Pathology, BOT 2454 - Cell Biology, BOT 2456 - Anatomy & Reproductive Biology of Angiosperms, BOT 2658 - LAB IV (Myco+CellBio+ARBA), BOT 2359 - Botany For Chemists-I, BOT 2161 - Botany For Chemists-I (LAB), BOT 2360 - Botany For Chemists-II, BOT 2162 - Botany For Chemists-II (LAB) & BOT 3558 – UG Botany project were presented by faculty members Dr.D. Stephen, Mrs.M. Shameem Banu, Dr. R.Sanjay, Dr. J. Ebenezar Immanuel, Mrs. J. Gunsuandari, Ms. J. Nithya kamalam, Mrs. Esther Rani, and Dr. M. Dhanasekaran (list named as per seniority) was browsed and scrutinized. On incorporating the valuable suggestions given by the board aforementioned courses were cleared to be presented in the ensuing academic council meeting.
- UG Head requested the faculty to present the syllabi on the add-on courses which has to be conducted purely online. Content of the courses with course number BOT 222V -

The meeting began with Prayer by Dr.S.Rajkumar Immanuel.

Chair person & PG Head Prof. Winfred Thomas welcomed the gathering and briefed the intent of the meeting. He briefed the members about the existing UG curriculum and need to be change the syllabus into the OBE format as advised by the management.

In PG Botany programme the courses for the second year courses of 2018 -2020 batch as approved in the earlier BOS has to be placed in the forum for approval. From 2019 onwards new grid is to be accepted and OBE format has to be approved. He also informed that the department is pleased to announce that the department will start its MPhil courses for the forthcoming academic year.

He opined that the UG programs can present first and the requested UG Head DR G.C. Abraham to outline the proposal for the BSc Botany. It was also suggested to make project compulsory for all third year students. Dr. Rajkumar Immanuel presented the PG curriculum and initiated discussion.

After detailed discussions the following resolutions were made:

1) **Resolved to recommend to the Academic Council of The American College to approve the already existing UG Botany syllabus in OBE format to the Bsc Botany students as presented by Dr. G.C.Abraham.**

2) **Resolved to recommend to the Academic Council of The American College to approve the PG Botany, second year syllabus for 2018-2020 batch as approved in the earlier BOS meeting as presented by Dr. S.Rajkumar Immanuel.**

3) **Resolved to recommend to the Academic Council of The American College to approve the new PG Botany Grid from 2019 onwards. The syllabus for the first year was approved in the OBE format where as the second year course syllabus was also approved as presented by Dr. S.Rajkumar Immanuel.**

4) **Resolved to recommend to the Academic Council of The American College approve the new MPhil Botany grid and syllabus as presented by Dr. G.C.Abraham.**

After fruitful discussion on matters governing and functioning of the department, Dr Stephen thanked the members and the BOS was adjourned by the PG Head.

The Board Of Studies in Botany met in B4 Binghamton hall on 19 October 2019, Meeting began with Prayer by Dr. D. Stephen.

PG Head & Chairperson DR G. C. Abraham welcomed the gathering and briefed the intent of the meeting. He informed the members that the existing PG and UG curriculum that had been revised and introduced last year in the OBE format is being reviewed and revisited. He pointed out that though the course frame and the syllabi of the PG courses for both first and the second year is presented and passed in the previous BOS and academic council, CO and the mapping according to Bloom's taxonomy had not been done for the courses that would come in the IIIrd and IVth semesters. He said as per the suggestions from the management, the course work and the syllabi had been revisited that the typographic errors and the inadvertent mistakes that had crept in in numbering courses have been identified and rectified. He added that the CO of the lab course and the mapping for the same has to be reworked. It was pointed out that in the PG course PGB 4447, the course titled Plant Cell Biochemistry will have to be modified as Plant Cell Chemistry and for this ratification is sought. In certain courses where the objectives are erroneously and superfluously written, the statements will have to be removed and be replaced with course outcomes.

UG Head Dr. S.Rajkumar Immanuel informed the Board that the proposal made for the B.Sc. Botany has to be reviewed. He sought the permission the take detailed revision of UG courses for the first year course and the proposal for change will be presented in the next BOS. He opined that corrections and modifications can be done year wise successively in forthcoming Boards as the BOS will be meeting now twice in academic year starting form now. A need to develop a question bank for MCQ, part B and Part C was realized and the Board suggested that the department should compile a Question Bank with validated questions from which 50% the questions can be picked and used for CIA's and ESE. Dr Ganesh, the external member and chairperson of CPMB of MKU said it is a welcome idea and he said the question Bank should be constantly appended abreast of the contemporary needs. Dr. Kathiresan, another external member suggested that the percentage of questions from each learning level in Blooms criteria can be fixed and made known to all.

The board deliberated on other important ideas connected Teaching, Learning and Evaluation practices followed. The need to stress on research and extension programs and the launching of add-on and certificate courses, embarking on on-line quizzes, recognizing service learning component pertaining to botanical sciences were expressed. As Dr Ganesh said the revisions should not loose focus in sustaining the uniqueness and quality attributes and advised that new and fresh courses must be made need-based. Dr Kathiresan said the departmental expertise should be put to maximum use not only for the students, but also to the community and nation at large, that accordingly out-of-box approaches can be made in designing certificate courses and programmes that shall meet community needs. Board suggested that innovative extension programmes and themes for discipline specific service learning project be identified and launched.

After detailed discussions the following resolutions were made:

1. Resolved to recommend to the Academic Council of The American College to approve the corrections carried out on typographic errors and in removing the inadvertent errors crept in during the numbering of the courses in previous compilation.
2. Resolved to permit the change in course PGB 4447, Plant cell biochemistry to PGB 4447, Plant Cell chemistry, without bringing in any change in course design and course content, and correct the course code PGB 4428 to PGB 4448 and the course PGB 4426 to PGB 4446.
3. Resolved to permit refining the Course objectives written for the first year lab courses PGB 4445, 4249, 4446 so that the mapping can be done better
4. Resolved to accept the proposal of incorporating COs and Mapping in the II year PG courses PGB 5641, 5643 5445, 5547, 5349, 5742,5444, 5346, 5348 and 5750 and to remove the course objectives written superfluous for PGB 5349, 5742, 5346 and 5348 and replace the same with Course Outcomes.
5. Resolved to accept the time line suggested by the UG Head Dr. S Rajkumar Immanuel and let the revision of UG courses done year wise from the forthcoming and successive Boards of Studies.
6. Resolved to recommend to the department take up newer initiatives in fortifying the existing Teaching, Learning, Testing &Assessment practices, especially in determining OBE attainment, launching new ideas like introducing on line courses, add-on courses and certificate programs to be offered by the Botany Department as suggested by the college.
7. Resolved to accept and ratify the panel of examiners proposed for the BOE for the year 2019-2020 and allow the modification if needed to suit the even semester courses.

as a base for this revision. In the course of restructuring the UG program, care was taken not to lose sight of the intellectual orientation and therefore the theoretical base is not compromised.

- Dr. S. Rajkumar Immanuel gave a brief introduction to the Board on agenda pertaining to the UG courses and he also captured his earlier experiences of revision done in last year.

Discussion on course frame (PG & UG)

1. PG course frame approved last year and the work done was revisited. It was brought to the notice of the BOS certain deviations have to be made from the earlier recommendations due to the sudden lock down. It is said that the lab assessment and the project studies could not be pursued as per pre set procedures due to the severity of pandemic. BOS gave its nod for the one time deviation made in TL, evaluation practices as a crisis management strategy.
2. After the feedback given the PG department, the Board decided to retain the course frame and detailed content of the courses as such for adoption in the ensuring academic year.
3. UG Head, Dr. S. Rajkumar Immanuel informed that as per college policy add on courses (4 for PG & 6 for UG) will have to be introduced from the academic year 2020-2021 onwards. On perusing the content of the syllabi for courses PGB 4241 (Algae and marine resource management) & PGB 4243 (Plant hybrid technology) to be introduced for adoption in the odd semester and courses BOT 1255(Edible Mushrooms), BOT 2251 (Plant propagation), BOT 3253(Plantation crops) meant for adoption in the first, third and fifth semester of the UG program respectively was approved. It was informed that the course content of the remaining courses shown in the frame will be prepared and presented in the next meeting.

It was decided unanimously in the BOS to

1. approve the modified frame of the academic program which is to be implemented from the academic year 2020 onwards.
2. accept the course content and COs to be written for the various add-on courses offered in the program of study, that shall be treated as appended course

fetching incentives to the students as vouched by the certificates to be issued by college.

3. work out the modality for expanding the field/industry / market/ Community exposure that the students will realize the real-time value of his/ her learning.
4. encourage taking suggestions from the invited academics, collaborators, entrepreneurs and industrial partners to create the needed professional support for offering hands-on training in the integrated farming project to be commenced in the satellite campus at Chathrapatti.
5. devise strategies to attract attention of public and entrepreneurs is expected to make the study more robust that the department attract more admissions.
6. generate ideas to propose newer life skill courses and launch diploma programs and certificate courses that ought to be launched in future.
7. augment other special and specified activities that would garner public attention in favor of popularizing the study of Botany more valuable and visible

Inputs from students

Third year student representative Mr. B. Muthukumar (18 BOT 29) felt that introduction of LS courses was adding strength to the learning experiences as Mr. KM. Masood Ahmed (19 PGB 13) and Ms.K.D. Priya Dharsini (19 PGB 15) II PG expressed satisfaction on the quality and the content of PG program offered. Mr. B. Muthukumar UG Botany student insisted that the course entitled (BOT 3555) Analytical Techniques and Research Methodology is retained as it is useful in taking up project and dissertation studies.

Conclusion

The day-long deliberations ended with the vote of thanks presented by the UG Head in Botany and Dean (CD&R) Dr. S. Rajkumar Immanuel, and the chair Dr G.C.Abraham adjourned the BOS meeting.

Progress and Proceeding

- With the members of the Board Of Studies assembling at 09.30 a.m., the meeting was called to order by the Chair.
- The meeting started with the prayer by Dr. D. Stephen.
- Dr. J. Ebenezer Immanuel was requested by the Chairman to minute the proceedings.
- Dr. G.C Abraham, the chairperson and PG Head, Department of Botany welcomed the members.
- PG Head outlined the significance of BOS meetings of autonomous academic institutions and presented the rationale for the revision and revisit to be done on syllabi and pedagogy. He pointed out that BOS in botany meets twice a year to infuse accountability and support the dynamic functioning of the department. He brought to the attention of the house, the agenda for the present meeting. He informed that this given meeting of BOS which ought to have been met in May is delayed owing to the COVID pandemic and lock down. He informed that after several rounds of consultation and long hours of discussion, the preparation for the present BOS has been done. He added that the valuable feedback from the students and stakeholders and reflections from staff and alumini provided the basis for the present revisions. He said the inputs have been drawn have been from the members of faculty, students (both present and past), peers, and collaborating agencies. It was pointed out that the curriculum followed now has been kept

Students Rep

The meeting began with a Prayer. Prof. T.K. Ganesan introduced the internal members and the students representative. TKG highlighted the design of the various courses offered in our B.Sc chemistry programme.

Shiyo suggested for a thematic syllabus however the feasibility was not possible due to technical reasons.

All the external members suggested for a general chemistry type of approach instead of organic, inorganic and physical chemistry based separate pattern. However the present type was accepted. More suggestions of introducing computing techniques was discussed and later accepted to introduce in II or III

year syllabus.

Prof. Ramanathan and other external members suggested to have an end of semester exam for the lab courses as laid down by UGC norms. Prof. K.J.A highlighted the present system of lab courses which is far more than sufficient for evaluating a student.

After a lengthy discussion the various resolutions were moved and seconded. major courses C.D. Shed proposed and seconded by C.A. Pradeep. Major Supportive moved by S. Jemimah and seconded by M. Vethanayagam. Non-CLS courses moved by S. Premsingh. and seconded by B. Kirthiga Rani

Ramasamy	13 CHE 43	III B.Sc
Sivaraj	14 CHE 64	II B.Sc

The meeting began with a silent prayer. Mr. TKG welcomed the gathering and highlighted the importance of the meeting. The minutes of the previous meeting held on 30.04.15 was presented by Mr. CAP and accepted.

The Organic syllabus was presented by Mrs. BKR. Mr. Devapiriam suggested to include the synthesis of aromatic systems. Inspite of the comment by Mr. Senthil Kumaran to have a general chemistry type of paper in the 1st semester it was said that it has been already experimented. Mrs. CDS presented the Inorganic syllabus and highlighted the contents. Mrs. SJ presented the major supportive for Zoology, Mr. Karthik for Botany and Mr. YB for Physics. Mr. Senthil Kumaran clarified about deciding the contents of major supportive. Mr. KJA highlighted that various staff members from different subjects participated in the framing of the syllabus. Mr. SP along with Mrs. MVR presented the contents for the various practicals. Mr. Ramasamy insisted to have practical components in the industrial chemistry related subjects. It was decided to include some demonstration in the above said courses. Mr. RE presented the physical chemistry syllabus; with minor changes it was accepted. A proposal to bifurcate the theory and lab component with suitable passing minima was discussed for major supportive courses. However it was decided to keep it in abeyance as it may involve the alteration in the main grid.

The resolution for the major core courses CHE 2511/2513/2515/2331/2512/2514/2516/2332 was proposed Mr. CAP and seconded by Mrs. CDS.

The resolution for the major supportive courses CHE 1463/1464/2411/2413/2412/2414 was proposed by Mr. SP and seconded by Mrs. SJ.

Mr. KJA proposed the vote of thanks and the meeting was adjourned.

Minutes of BOS meeting

02-03-2017

The meeting started with a silent prayer. **Dr. T.K. Ganesan**, Head, PG Chemistry welcomed the gathering and introduced the external experts, new faculty and student representative.

Each unit was assigned with 15 teaching hours for all the theory courses. External member suggested to replace & symbol with 'and'. Capitalization and spell check was asked to carry out for the syllabus as a whole.

The following are the corrections suggested:

CHE 3611- replace levels of protein structure with structure of proteins, Zwitter ions instead of Zwitter ionic nature. **CHE 3613-** VB theory for the bonding of ferrocene, trans effect(pi-bond theory), invivo fixation of nitrogen instead of biological, include atomic bomb. **CHE 3615-** change in sequence of Unit-II, drawbacks of classical mechanics, derivation only for particle in 1D and 3D box, only elementary ideas in conducting polymer (poly acetylene and polyanilines) introduction to nano to be blown up. **CHE 3612-** Add 'vis' in UV-Vis spectroscopy, reorganize (molecular ion peak, nitrogen rule, base peak, isotopic ion, metastable peak). Classification of dyes- based on structure-based on mode of application on fabrics. Dyes- methylorange, congo red, bismuth brown, malachite green, Phenolphthalein, Eosin, Fluorine. **CHE 3616** – Vlbrating(in place of vibration) diatomic molecules, Raman spectra- examples nitrate, carbonate to be added. ESR- presentation of ESR spectra to be included, replace fine structure with splitting, comparison between NMR & ESR. Character table- C_{2v}, C_{3v}, C_{2h}, remove population inversion. **CHE 3614** – In clued nanofilters, Remove conducting polymers, replace artificial kidney with hemodialyzer material, add application of nano biopolymers, add nano ceramics, replace biogas with biogas manures, give some touch on nano in each unit. Fireworks can be included. In pigments, just coloured pigments and its use can be mentioned. Preparation can be removed. Explosive can include classification and pyrotechnique. Expansion of PVC should be given. **CHE 3532** – Just " measurement of viscosity" enough. **CHE 3215 and CHE 3216**: Spell check and minor corrections. **CHE 3200** Rephrasing as "socio environmental issues" in the preamble and V unit title.

RESOLUTIONS

RESOLUTION PROPOSED BY **Prof. C. A. Pradeep**

RESOLUTION: Resolved to recommend to the Academic Council, the approval of MAJOR CORE COURSES CHE 3611/ CHE 3613/ CHE 3615/ CHE 3200/ CHE 3612/ CHE 3614/ CHE 3616/ CHE 3531/ CHE 3532 for the Semesters V and VI with effect from the Academic Year 2017-2018.

RESOLUTION SECONDED BY **Dr. C. D. Sheela**

RESOLUTION PROPOSED BY **Dr. S. Premsingh**

RESOLUTION: Resolved to recommend to the Academic Council, the approval of LIFE SKILL COURSES CHE 3215/ CHE 3216 for the Semesters V and VI with effect from the Academic Year 2017-2018.

RESOLUTION SECONDED BY **Dr. A. Selvan**

STUDENT FEEDBACK

C. Shijo (15PGC18), Appreciated the syllabus stating that includes all the concepts which forms the basis of PG courses. Applied chemistry is quite interesting. H_2S gas produces public nuisance and it demands fume cupboard. Smoke from suction should be taken care off. Need for more lab items. **S. Vaishnavi (16PGC22),** The syllabus is enriched. There is need of a chemical balance. **C. Sivaraj (14CHE64),** Industrial visit is needed. Need of electronic devices in physical lab. Most of the burettes leak. **S. Suvethana Pandi Muniappan (15CHE62),** Suction is creating problem. The HOD responded that it is due to voltage fluctuation and insisted that the students should follow good lab practices to avoid repairs. **Aravind (15CHS09),** New class room benches needed. Proper selection of II year class representative.

EXTERNAL EXPERT FEEDBACK

Dr. Senthil Kumaran, appreciated the syllabus. **Dr. K. K. Mothilal,** commented that the syllabus is good and suggested to add JAM exam syllabus. **Dr. D. Devapriyan,** applauded the richness in content. Student representation is good. Useful for students.

Dr. K. John Adaikalasamy, Head, UG Chemistry proposed vote of thanks.

Virtual meeting on google meet platform was organized for the Board of Studies. The meeting started with a prayer by Dr. S. Premsingh and welcome address by Dr. K. John Adaikalasamy. The members of the board introduced themselves and the floor was opened for discussion on the syllabus presented. Both the external experts appreciated the syllabi of the course and congratulated the department for bringing in the laboratory content in the course which will enhance the employability of the students. Dr. Ponnusamy emphasized the need for small recap on basic concepts of polymers in form of assignment or seminar. He also wanted to introduce to the students the types of solvents, their polarity and solvent inter-miscibility before going into chromatography techniques. Further he added that being an applied analytical course students should have hands on experience in some of the instruments and have knowledge on advanced

analytical techniques like HPLC. Dr. K. John Adaikalasamy consented on the point and assured to incorporate IR and Column techniques wherever needed. Dr. Ponnusamy wanted some minor changes in the mapping of COs to K6 which was suitably corrected. Dr. Selvarani appreciated the syllabus of the courses specifically pointed the polymer unit with regard to the applications. She also wanted to include detergents and ink preparation in the syllabi. Mr. Kalibullah wanted more detailed discussion on solvents which was taken into consideration. The importance of inclusion of solvents and their polarity was also felt by Mr. A. Rahul. With the corrections incorporated, the resolution was proposed by Dr. S. Jemima Balaselvi Juliana and seconded by Dr. J. Dhaveethu Raja. Dr.C. Dorothy Sheela proposed the vote of thanks and the meeting was adjourned.

RESOLUTIONS

RESOLVED to recommend to the Academic Council, the approval of the course **CHE/CHS3618 Applied Analytical Chemistry** replacing the existing course "CHE/CHS3614 Applied Chemistry" with effect from the academic year 2020– 2021.

Resolution moved by Dr. S. Jemima Balaselvi Juliana and seconded by Dr. J. Dhaveethu Raja.

Resolution passed unanimously

Minutes of BOS meeting

Department: Chemistry **27-05-2019**

The meeting started with a silent prayer. **Dr. T.K. Ganesan**, Head, PG Chemistry welcomed the gathering and introduced the external experts, new faculty and student representative.

The discussion started with the M.Phil syllabus followed by PG and .UG syllabi. The board suggested minor corrections in the syllabi with regard to references and typographical errors. The external expert Dr.S.Selvarani queried about the inclusion of f-block chemistry in the III semester for PG and was convinced when told that it was done to meet the needs of NET and GATE criteria. The board also discussed about the mapping of the COs with Bloom's taxonomy and PSO and came to a consensus.

RESOLUTIONS SECONDED BY Dr.

STUDENT FEEDBACK

Mr. Vignesh (17CHE59) pointed out that questions appeared in the recent EOS from portions not included in syllabus. He requested that the same course teacher must handle the series of units like coordination chemistry 1 & 2. Also he pointed out that sufficient time is not provided for writing internal tests since the quiz is also conducted along with test.

Mr. Rahul (16CHS56) suggested that the physical chemistry syllabus is too voluminous in II year and requested a shuffling of topics with III year.

Mr. Hariprasad (16CHE12) requested a shuffling of third year course content like group theory and spectroscopy into second year to facilitate preparation for JAM exams.

Ms. Kavitha (17CHS26) pointed out the inconvenience caused by the changes in the college timing of second shift.

Ms. Samantha (18PGC16) pointed out that the syllabus is more focused on understanding and application rather than recollection of memory which is very useful for higher learning.

Mr. Allen (17PGC03) asked for more timing for the objective type questions in the EOS exams.

EXTERNAL EXPERT FEEDBACK

Dr. S. Selvarani, commented that the syllabus is good and also appreciated the COs and mapping with PSO.

Dr. K. John Adaikalasamy, Head, UG Chemistry proposed vote of thanks.

22	Mr. Raj Tilak	18CHS34	American College	Present

The meeting started with a prayer by Dr.S.Premsingh and welcome address by Dr. K. John Adaikalasamy. The members of the board introduced themselves and the floor was opened for discussion on the syllabi presented. Both the external experts appreciated the measures taken for orientating the existing NME and LS courses towards enhancing the scope of employability of the students. They also emphasized the need for hands on experience in the Value-Add-on courses also which are incorporated where ever possible in the curriculum. Dr.Ponnusamy wanted some minor changes in the mapping of COs to K6 which was suitably corrected. Dr.Selvarani appreciated the courses on software and pharma marketing for skill development and employability. Mr.Kalibullah wanted for reshuffling of the value-add-on courses between the semesters which was incorporated as demanded. With the corrections incorporated, the resolutions were proposed, seconded and moved. Resolution-1 was proposed by Dr.S.Premsingh and seconded by Dr.A.Selvan, Resolution-2 was proposed by Dr. J.HelenRethina Monica and seconded by Dr.K.Karthik Kumar, Resolution-3 was proposed by Dr.M.Vathanaruba and seconded by Dr.Y.Brightson. Dr.C.D.Sheela proposed the vote of thanks and the meeting was adjourned.

RESOLUTIONS

1. Resolved to introduce the existing NME and LS courses as employment oriented courses by adding features like field visit, class room demonstration, hands on experience and case-study by external experts appropriately.

4. Semester 1 introduced.
5. Dr. Rajan – asked for the objective of the course.
   Coordinator – Briefed the objectives of the course.
   Dr Peter Raj – Application oriented course.
   – Raised question – Difference between Internet Technology and Web Programming.
   – Suggested to incorporate node.js as front end.
   Dr. Rajan – Reviewed Computer Fundamentals and Applications.
   C & C++ together
   Mr NTR – Difficult for Students
   → Mr. JFR – Difficult " "
   Mr. JJK – also suggested difficult.
   Dr. Alagarsamy – Unit 5 – over reading to be included.
   Dr. Peter Raj – Systems Programming Applications Programming.

Dr. Rajan – suggested to have only 'c' introduction.
Unit 1 – Flowchart
2, 3, 4 – 'c' Programming.

Together BOS members suggested
Structured Programming using C
Object oriented Programming using C++
(*) also to make "Pointers" in depth.

Sem 1 – Computer Fundamentals
C Programming
C Lab

Sem 2 – Dr. Rajan suggested to introduce computer Architecture –

Mr. JFR – Responded – not include because BCA is an application oriented course.
Data structure using C++
*) ~~OOPS~~ ~~Prog using C++~~
*) OS – no change
*) OOPS Lab.

Dr. Alagusamy – Suggested book by Rajasekar.

Sem 3 – Dr. Peter Raj suggested OOAD and C++ to be combined.

Mr. JFR – Suggested to have an implementation of OOAD using C++ programming.
Out of 5 units 3 units – ~~C++~~ C++.
2 units – OOAD and implementation

Mrs. Kanakavelli suggested "Digital Marketing" and E Advertising are quite similar.

Mr. NTR → possible for similarities.

Sem 3 - JFR suggested concept based DBMS paper should be introduced.

insisted on DBMS introduction ~~on~~ in unit 1 in the RDBMS course.

Mr. NTR — supported and explained the units in the Syllabus.

Maths Professors - Mr. David Rajkumar - RDBMS - 5 units.

Mr. NTR Suggested Dot net paper to be TL (3+2)
RDBMS (5+4)

Mr. JJK - Suggested {Digital Principles & Microcontroller}

to be considered or title to be changed as "Embedded Systems & Microcontroller"

Sem IV no changes.

Sem V 'R' Language should be separate paper. not to be combined with Cloud comput.
Dr. Peta Raj suggested Internet Technology title to be changed as Internet of Things

Dr. Alagarsamy suggested to remove all text books and add them to reference books.

Mr. JFR suggested that UG syllabus should be breadth base rather than depth base.

Mr. JJK — Convince students to take up PG in Computer Science rather than MBA.

Mrs Kanakavelle asked for objective and evaluation pattern for Project.

(*) Few typographical errors were suggested and corrections to be made.

(*) Overall objective of the course and future benefits on completion of the course should be framed.

The board of Studies of Bachelor of computer application is held on 06.4.18 in the department of MCA.

1. The Bos meeting started of with a prayer - by Mr. J. John Jeya Kamaraj.
2. Welcome Address - by Er. N. Thiroupathi Rajan
3. Director. Er. N. Thiroupathi Rajan introduced the Syllabus and the usage for revising the Syllabus
4. overall Suggestion:

Follow latest edition of book for all courses

1 BCA1543 Programming Using C

i Change the course title as programming in C

ii Add Struct & Union in unit 3 before file concept

iii. exchange unit 4 and unit 5

2. BCA1243. Digital marketing

i. add unit V

3. BCA1442 Operating System With Unix

i Add case study in unit V

ii. change the Allighment of index

BCA1544 OOP Using c++

i. Include Namespace.

BCA 1244 Multimedia

Add digital Video and characteristic in Unit II

BCA 2541 Data Structure Using c++

i. Remove terminology and Mention as Basic of Graph & Basic of Tree

ii. In Unit I Add complexity and Assumpti Notation

iii Include in objective also

BCA 2545 RDBMS

i. change subject Title as Advanced DBMS or DBMS

BCA 2542 Software Engineering.

i. Add case study

ii. In Unit III change Analysis and Design

iii. Mention System Engineering as Requirement Engineering in Unit II

BCA 3645 Internet Technology

i. XSL concept include in unit V

BCA 3597. Internet Technology Laboratory

i. Add XML & XSL

BCA 3636 Introduction to mobile computing Using Android.

i. change title as Mobile computing or fund of mobile computing.

ii. Don't Mention Product Name (Android) in title

BCA 3242. EVS

i. Add unit v Suggested by Faculty Member.

Outcome:

Make the syllabus content easy to student and based on book prepare the syllabus. Learning outcome should be added in the syllabus

The Suggestions were taken and will be incorporated in the Syllabus and Here Iam placing this resolution as recommended by the Board of Studies in the BCA

PG & UG DEPARTMENT OF FOOD SCIENCE & NUTRITION

THE AMERICAN COLLEGE, MADURAI- 6252002

Date: 01/09/2020 **Time: 2.30 p.m.**

As recommended by the BOS in Food Science & Nutrition, the following resolutions are made.

1. Resolved to bring in a change in the course content, course title and course code for the following UG courses according to the suggestions given by the subject experts in the Board of Studies.
    - FSN 1201 Home Food Catering has been changed to FSN 1203 Ethnic Foods
    - FSN 1202 Ethnic Foods has been changed to FSN 1204 First-Aid
    - FSN 3204 Food Additives has been changed to FSN 3206 Sports Nutrition
2. Resolved to change less than 20% course content of the following courses in the academic year 2020-2021.
    - FSN 2536 Food Packaging
    - FSN 3615 Therapeutic Nutrition II
    - FSN 3617 Lab in Therapeutic Nutrition II
    - FSN 3619 Food Biotechnology
    - FSN 3621 Bakery and Confectionery
    - FSN 3618 Food Safety and Quality Control
3. Resolved to change more than 20% course content of the following courses in the academic year 2020-2021.
    - FSN 1416 Food Microbiology has been changed to FSN 1432 Food Microbiology
    - FSN 3624 Public Health Nutrition has been changed to FSN 3626 Public Health Nutrition
4. Resolved to introduce the UG value add-on courses for the odd semesters. The courses name and codes approved by the subject experts in the Board of Studies were listed below.
    - FSN 121V Techniques in Mushroom and Spirulina Cultivation
    - FSN 221V Food Adulteration and Additives
    - FSN 321V Organic and Terrace Farming
5. Resolved to include hours for each unit in all courses.
6. Resolved to change the M.Sc Program Nomenclature as Food Science and Nutrition.

7. Resolved to change the grid pattern according to UGC guidelines minimum of 75%.
8. Resolved to change summer internship into industry/hospital based internship.
9. Resolved to include Research Methodology and Biostatistics.
10. Resolved to change more than 20% course content of the following PG courses in the academic year 2020-2021.
    - PFS 5302 Laboratory- Clinical Nutrition and Diet Therapy has been changed to PFN 5302 Laboratory- Clinical Nutrition and Diet Therapy
11. Resolved to introduce the following new PG course titles and course codes according to the suggestions given by the subject experts in the Board of Studies.

    PFN 4401 Advances in Food Science
    - PFN 4305 Applied Physiology
    - PFN 4402 Nutrition Through Life Cycle
    - PFN 5501 Drug- Nutrient Interactions
    - PFN 5405 Functional Foods and Nutraceuticals
    - PFN 5304 Food Processing and Preservation
    - PFN 4316 Nutrition in Mental Health (Elective Course)
    - PFN 4404 Advanced Nutritional Biochemistry
    - PFN 4406 Food Investigation Techniques
    - PFN 4309 Laboratory in Food Science
    - PFN 4310 Laboratory in Food Analysis
12. Resolved to bring in a change in the course content, course title and course code for the following PG courses according to the suggestions given by the subject experts in the Board of Studies.
    - PFS 4311 Functional Foods and Nutraceuticals has been changed to PFN 4311 Exercise and Sports Nutrition
13. Resolved to change the following laboratory course.
    - PFS 4309 Laboratory- Food Chemistry and Food Microbiology & PFS 5309 Laboratory- Food Analysis and Food Biotechnology has been changed to PFN 5309 Laboratory in Food Biotechnology and Microbiology
14. Resolved to introduce the PG value add-on courses for the odd semesters. The courses name and codes approved by the subject experts in the Board of Studies were listed below.
    - PFN 421V Millet Product Development
    - PFN 521V Nutritional Counseling

19. Mr. Ramnath (13PGM19)
20. Mr. M. Vignesh (12MAT46)
21. Mr. S. Harikrishnan (12MAS05)

The meeting began with prayer by Mr. Stalin Kumar.

Mr. M. Jeyakumar, Chairperson, Board of Studies in Mathematics, welcomed the members present. He mentioned that Prof. Muthuraj University nominee to the board has not turned up for the meeting.

As most of the items in the agenda were pertinent to UG Mathematics curriculum Mr. P. Jeyakodi, Head, UG Mathematics was requested to introduce the resolutions. He briefed the board on the need for revamping the existing grid due to the government stipulations on 30 contact hours per week for the students.

Mr. S. Stephen raised certain issues in the new formulation of the grid and insisted that it should have been discussed in the faculty meeting before being made a statutory frame work. However Mr. P. Jeyakodi expressed his inability by saying that it was a decision of the Senate.

Dr. Vembu was also of the opinion that the board can only discuss the issues within the frame work of what is placed in the agenda of the meeting. He also said that the board do not have the mandate to discuss the grid as it is

within the ambit of the Academic Council. However Mr. Stephen requested the chair to record his displeasure over the way it was bypassed the faculty forum.

While briefing Mr. Jeyakodi said that the department could not prepare the syllabi for all the six semesters due to lack of time. However the curriculum plan for all the six semesters were ready, but the detailed syllabi for the first two semesters alone was presented for approval.

Dr. P. Thangaraj was of the opinion that a student of Mathematics should have Chemistry as an ancillary subject. Mr. Jeyakodi explained that the policy of the college as envisaged under autonomy was to have only one ancillary subject namely Physics for the Mathematics students.

After long discussion and clarification the following resolutions were carried unanimously.

Res 1:

Resolved to approve the program of study as presented in pages

MAT1 and MAT2 with effect from the academic year 2015 – 16.

Res: 2:

Resolved to accept and approve the syllabi for the major courses for the first two semesters MAT1511, MAT 1411, MAT 1413, MAT 1421, MAT 1512, MAT 1412, MAT 1414, MAT 1422 as presented in pages MAT3 to MAT8 with effect from 2015 – 16.

Res: 3:

Resolved to induct into the curriculum the following Life Skill courses MAT 1231, MAT 1232 with syllabi and mode of evaluation as presented in pages MAT9 and MAT 10 with effect from 2015 – 16.

Res 4:

Resolved to induct into the curriculum the following non-major elective courses MAT 1221 and MAT 1222 with syllabi as presented in pages MAT8 and

MAT 9 with effect from the academic year 2015-16.

Res: 5:

Resolved to recommend to the Academic Council to accept the changes in the programme of studies for B.Sc (Mathematics (Self-financed) as presented on pages from MAS1 to MAS2 and the syllabi for the programme for I and II Semesters as presented on pages from MAS3 to MAS10 with effect from the academic year 2015-16.

Res 6:

Resolved to recommend to the Academic Council to ratify and adopt the resolutions 1 to 5 with effect from the academic year 2015-16.

As there were no issues to discuss the meeting was adjourned.

24. Miss. M. Teshlin Sophia (13MAS08) — M. Teshlin

The meeting was started with prayer by Prof. S. Stephen.

Prof. M. Jeyakumar, Chairperson, Board of studies in Mathematics welcomed the members. He offered a special word of welcome to the external members Dr. Asokan, University nominee, School of Mathematics, Madurai Kamaraj University and Dr. Vembu, Subject expert & Alumnus, Department of Mathematics, SBK College, Aruppukottai and also to the student members. Dr. Udhayakumar had expressed his inability to attend the meeting.

Since most of the issues discussed are concerning the Under Graduate studies Prof. P. Jeyakodi Balan was asked to present and lead the deliberations. While introducing, Prof. Jeyakodi said the changes proposed in the syllabus are part of the ongoing change initiated last year. He also said most of the courses whose syllabus are to be dismissed are to be offered in the second year of Under Graduate studies. The descriptive syllabi and the prescriptive syllabi are presented and deliberated in depth.

There were suggestions to incorporate few more books for references. The suggestions were incorporated and suitably changed. The resolutions regarding the self financed courses were introduced for discussion by Prof. J. Jesupaul Thangaraj, SF Coordinator.

The students appreciated the effort taken by the Department to segregate the two semester Algebra and Analysis paper in three semesters. They also appreciated the creation of new course for Vector Calculus which includes the applications of Green's theorem, Stoke's theorem and Gauss theorem. After long deliberation & discussions the following resolutions are adopted unanimously.

Resolution 1:

Resolved to effect the changes in course code retrospectively as in the following table w.e.f. 2015-2016.

Course Code	Equivalent Course as in Appendix AH. Volume-I
MAT 1431	MAT 1551

MAT 1433	MAT 1553
MAT 1432	MAT 1552
MAT 1434	MAT 1554

Resolution 2:

Resolve to effect the changes in course code retrospectively as in the following table w.e.f. 2015-2016.

Course Code	Equivalent Course	Volumes where the syllabus is found
MAS 1431	MAS 1551	App. AH. Volume-II
MAS 1433	MAS 1559	App. AH. Volume-I
MAS 1435	MAT 2551	App. AH. Vol-II
MAS 1437	BBA 2421	App. AH. Vol-II
MAS 1432	MAS 1552	App-AH. Vol-II
MAS 1434	MAS 1556	App. AH. Vol II
MAS 1436	MAT 2552	App. AH. Vol. I

Resolution 3:

Resolve to change the course code MAS 1436 (App. AH. Vol. II) to MAS 1438 with retrospective effect from 2015-2016.

Resolution 4:

Resolve to accept and

recommend the academic council the curriculum and the syllabi for the courses MAT2511, MAT2513, MAT2515, MAT2411, MAT2512, MAT2514, MAT2516, MAT2412, MAT2431, MAT2433, MAT2432, MAT2434, MAT1421, MAT1422, MAT1431, MAT1433, MAT1432, MAT1434 as presented in pages from 5 to 22 of the proposed syllabi for the aided programs w.e.f the academic year 2016 - 2017 and the students those who joined in the academic year 2015-16.

Resolution 5:

Resolve to accept and recommend the academic Council the curriculum and the syllabi for the courses MAS2511, MAS2513, MAS2515, MAS2411, MAS2512, MAS2514, MAS2516, MAS2412, MAS2431, MAS2433, MAS2435, MAS2437, MAS2439, MAS2432, MAS2434, MAS2436, MAS2438, MAS2440, MAS2442, MAS2454 as presented in pages from 3 to 26 of the proposed syllabi for the self-financed stream w.e.f. 2016-2017.

Prof P. Jeyakodi Balan delivered Vote of thanks and felicitated Prof. V.S. Bright who has putting 17 years of service in the department. As there were no other issues the meeting was adjourned by the Chairman.

Meeting began with Prayer by Prof. B. Johnson.

Prof. M. Jeyakumar, Chairperson, Board of studies in Mathematics, welcomed the Board members. He offered a special word of welcome to the external members Dr. Asokan, University Nominee, School of Mathematics, Madurai Kamaraj University, Dr. Vembu, Subject expert, Department of Mathematics, SBK College, Aruppukkottai and Dr. Udhayakumar, Subject expert & Alumnus, Department of Mathematics, Gandhigram University, Dindigul.

He also extended a warm welcome to the student members. He informed the Board that Prof. C. Malaravan and Prof. L. David Rajkumar could not be present as they had availed leave.

Since most of the issues discussed are concerning the Under Graduate studies Prof. P. Jeyakodi Balan (UG HOD) and prof. J. Jesupaul Thangaraj (SF Coordinator) were asked to present and lead the deliberations. While introducing, Prof. Jeyakodi said the changes proposed in the syllabus are part

of the ongoing change initiated in the year 2015-16. He also said most of the courses whose syllabi are to be discussed are to be offered in the third year of Under Graduate studies. The descriptive syllabi and the prescriptive syllabi are presented and deliberated in depth.

Dr. Udhayakumar solicited from the students, their opinion on the changes in the subjects Operations Research and Fuzzy Mathematics. Students appreciated the changes. The external members opined that the faculty members may write text book for such innovative courses as The American College, curriculum design encourages innovations of new courses.

Based on the delibrations and discussions in the Board of studies, the following changes are to be effected in the grid for the program of study in Mathematics (Refer Page.No: MAT2 of APPENDIX - AK (June 08, 2016)).

Resolution1:

Resolved to effect the changes in the general grid of study for B.Sc. Mathematics as in the following table.

Subject Name	Course Code Old	Course Code New
Operations Research-II	MAT3512/ MAS3512 5 hrs & 5 Credits	MAT3616/ MAS3616 6 hrs & 6 credits
Fuzzy Mathematics	MAT3616/ MAS3616 6 hrs & 6 credits	MAT3512/ MAS3512 5 hrs & 5 Credits
Graph Theory	MAS2432 5 hrs & 4 credits	MAS2465 5 hrs & 4 credits

Resolution 2:

Resolved to recommend to the Academic council to accept and implement the program of study and

its respective syllabi for B.Sc Mathematics (Aided & SF) as in pages from 6 to 15 w.e.f 2017-18.

Resolution 3:

Resolved to recommend to the Academic council to accept and implement the courses under Supportive and its respective syllabi for B.Sc. Mathematics (SF) as presented in the page MAS17 and MAS18 in APPENDIX - AK of the meeting of the Academic Council w.e.f. 2017-18.

Resolution 4:

Resolved to recommend to the Academic Council to accept and implement the courses under Lifeskill and its respective syllabi for B.Sc Mathematics as in pages from 16 to 18 w.e.f. 2017-18.

Prof. J. Jesupaul Thangaraj delivered vote of thanks.

As there were no other issues the meeting was adjourned by the Chairman.

He also extended a warm welcome to the student members.

External members solicited the students, their opinion on the changes in the Computer Courses. Students appreciated the changes.

Based on the deliberations and discussions in the Board of studies, the following changes are adopted unanimously.

Resolution 1:

Resolved to accept and recommend to the Academic Council to approve the new grid and the Syllabi for M.Sc. Mathematics (Aided) as in the relevant pages to be effective from the Academic year 2018-19.

Resolution: 2

Resolved to accept and to recommend the Academic Council to approve the new grid and the Syllabi for M.Sc Mathematics (SF) as in the relevant pages w.e.f 2018-19.

Resolution 3:

Resolved to accept and recommend to the Academic council to prescribe the text books and unitwise prescription for UG courses w.e.f. 2018-19, which are already approved by the Academic Council in the yesteryears, Consequent to the examination reforms (2017).

Resolution 4:

Resolved to accept and recommend to the Academic council to implement the changes in the general grid of study for B.Sc Mathematics (Aided) w.e.f. 2018-19 as in the following table.

Resolution 5:

Resolved to accept and recommend to the Academic Council to implement the following change of the course code for BBA Programme w.e.f. 2018-19.

Subject Name	Course code Old	New
Business Statistics (BBA)	MAS 1437	MAS 1440

Resolution 6:

Resolved to accept and recommend to the Academic Council to accept and implement the new course MAS 2477 with its syllabus in place of MAS 2432 with effect from 2018-19, following the request by the Board of studies of Computer Science.

Resolution 7:

Resolved to accept and recommend to the Academic Council to accept and implement

the new course for the programme of studies for B.com (CPA) w.e.f. 2018-19 as requested by the department of commerce based on the introduction of the new programme B.Com (CPA)

Subject Name	Course Code
Business Statistics (CPA)	MAS 1439
Business Mathematics (CPA)	MAS 1446

Prof. P. Jeyakodi Balan Premkumar delivered vote of thanks.

As there were no other issues the meeting was adjourned by the Chairman.

The meeting started with prayer by Mrs. D. Anandha Selvam

After a formal Welcome by the chairperson the list of courses and their syllabi were presented. The supportive courses for the Under Graduate Data Science Students were taken up and approved after few clarifications

The Value added courses to be offered to the Under Graduate students of Mathematics were presented as per the order of the course code. External members enquired about the availability of expertise in the department to teach courses like Web Designing, SQL, MATLAB and Phython. The chair answered in affirmative and said outsourcing is also possible as the courses are

offered online.

The external members also suggested that apart from issuing certificates for each course with grade, a comprehensive certificate enlisting all the value added courses with their respective credit should be given. This would facilitate the employer to look into the total credentials of the learner. This suggestion was well taken and the chair assured that the suggestion will be taken up with the higher bodies for their perusal.

The external members are also of the opinion that courses that need hands on experience in the laboratories (MATLAB, Web Designing, SQL, LaTeX and Phython) need to give explicit detail about the Theory and Lab Components. This was accepted and the suitable modifications were made.

The external members are also expressed their concern about having license of programming software with a designated number of users. Dr. M. Davamani Christober (Principal and UG HOD) responded saying that the college has enough number of licensed version of Software at our disposal.

The external members also suggested that for value added course materials can be prepared by the course teachers in the form of booklets and made available for students by the publication department of The American College.

The external members also suggested that the Course Numerical methods should have been the part of the curriculum and the same is insisted by TANSCHE (Tamil Nadu State Council for Higher Education). The Chair explained that the above said course was part of the curriculum in the yester years but over the years revision after revisions it got dropped to accomodate the latest courses in Mathematics. Dr. R. Uthayakumar, external member insisted that all the students of the class should be requested to take the course.

The external members enquired about the course Automata Theory being offered in both UG and PG level. However, the Chair responded by saying that the pedagogy and the stress at the UG and PG level are different also the students who come for the PG program need not be from the UG course of The American college.

After incorporating all suggestions made by the external members into the curriculum, the entire proposal was accepted. Hence the following resolutions.

Resolution 1:

Resolved to adopt and recommend to the Academic council of the American college ~~by~~ the syllabi for MAT 2483 and MAT 2484 as presented in the pages 3 and 4 of the draft Proposal presented to the Board of Studies in Mathematics held on 15th December 2020, to the undergraduate students of Data Science with effect from the academic year 2020-21.

Resolution 2:

Resolved to adopt and recommend to the Academic council of the American college the Syllabi for MAT122V, MAT123V, MAT124V, MAT223V, MAT222V, MAT224V and MAT324V as presented in the UG section of the draft proposal presented to the Board of Studies in Mathematics held on 15th December 2020. under Value added mode to the Undergraduate Students of Mathematics with effect from the academic year 2020-21.

Resolution 3:

Resolved to adopt and recommend to the Academic council of the American College the syllabi for PGIM423V, PGIM422V, PGIM424V, PGIM523V and PGIM524V as presented in the postgraduate section of the draft proposal presented to the Board of studies in Mathematics held on 15th December 2020 under Value added mode to the post graduate students of Mathematics with effect from the academic year 2020-21.

Prof. J. Jesupaul Thangaraj, Co-ordinator for self-finaced program proposed vote of thanks.

Meeting began with prayer by Prof. D. Anandha Selvam.

Prof. S. Stephen, Chairperson, Board of studies in Mathematics welcomed the Board members Dr. M. Lellis Thivagar, Prof & Head, School of Mathematics, Madurai Kamaraj University and Dr. Udhayakumar, Subject expert & alumnus, Department of Mathematics, Gandhigram University, Dindigul. He also extended a warm welcome to the student members. He thanked the members who worked for the OBE.

Dr. Udhayakumar expressed his views about Programme Specific Outcome. He insisted to remove the word propose conjectures in point number 6 in the PSO for the post graduate programme.

The students appreciated the efforts taken by the department.

After long delibration of discussions the following resolutions are adopted unanimously.

Resolution 1:

Resolved to accept the outcome based education model as recommended by UNIVERSITY GRANTS COMMISSION and the ramifications thereof in the Curriculum and design in the Post Graduate Programme in Mathematics which is in force since the academic year 2018-19 as presented in the draft proposal.

Resolution 2:

Resolved to recommend to the Academic Council to accept and implement the change as referred in the resolution 1 w.e.f 2019-20.

Resolution 3:

Resolved to recommend to the Academic Council to incorporate the OBE as refered in the

resolution 1 retrospectively from the academic year 2018-19.

Resolution 4:

Resolved to accept the OBE model as recommended by UNIVERSITY GRANTS COMMISSION and the ramification thereof in the Curriculum and design in the Under Graduate Programme in Mathematics which is in force since the academic year 2017-19 as presented in the draft proposal.

Resolution 5:

Resolved to recommend to the Academic Council to accept and implement the change as referred in the resolution 4 w.e.f. 2019-20.

Resolution 6:

Resolved to recommend to the Academic Council to incorporate the OBE Model as referred in the resolution 4 retrospectively from the academic year 2017-18.

Resolution 7:

Resolved to adopt and recommend to the Academic Council the syllabi of B.Sc Mathematics (Self-financed) programme in the Satellite Campus as presented in the draft proposal for the Under Graduate programme w.e.f. the academic year 2019-2021

Prof. T. Jesupaul Thangaraj, delivered Vote of thanks.

Meeting began with the prayer by Dr. Stalin Kumar. Two minutes of silence was observed as a mark of respect for the demise of the honorable former president Shri Pranab Mukerjee.

Dr. Dawamani Christober, UG-Head welcomed the board members Dr. M. Lellis Thivagar, University Nominee, Madurai Kamaraj University and Dr. Vallhayil Kumar, Subject Expert & Alumnus, Department of Mathematics, Gandhigram University, Dindigul. He also extended a warm welcome to the student representatives.

The Chairperson briefly explained the preamble for the introduction of different courses that are to be presented in the Boad of Study. The first course MAS1472 "Theory of Probability" is introduced to cater to the needs of students of B.Sc Data Science to be offered by the College under Self-financing Stream. There was

a suggestion to drop the fifth unit and replace it with bifurcating the 4th unit. With that modification it was resolved to accept the syllabus with aim, course outcome, utilization and the mapping of the bloom's taxonomy.

The chairperson presented the preamble for introducing the value add-on courses. He mentioned that the value add on courses are meant to add value to the attribute of the students. However, the external members had the view that such value add on courses should enhance the quality of the program by introducing new courses at a higher level.

They were of the opinion that courses like PGM 521V, PGM 522V, MAT321V, MAT322V are mere repetition of what students have already learnt. However, the chair defended stating that one of the objectives of the course is to recall the cherished concepts which are core for Mathematics and applying such concepts in tricky situations and predicting the right answer in the given environment. He also mentioned that the training the learners are exposed to will enhance their chance of clearing national level eligibility

tests.

Dr. Udhayakumar was of the opinion that PGM 421V "Pedagogy of Mathematics teaching" may not induce mathematical inquisitiveness. Dr. Lourdhu Immaculate defended by saying that one of the aims of the course is to create an enduring passion towards Mathematics teaching as a profession. She also mentioned the fact that most of the students from the Postgraduate Department of Mathematics choose Mathematics teaching as a profession.

Dr. Lellis Thivagar opined that PGM 422V is just a skill-oriented training which can be learnt from online sources which may not require 30 hours of duration. Dr. A. Amutha defended by saying that such soft skills are needed to present the mathematical equations and concepts in any academic fora. It was decided to add SPSS package to this course and suitably modify the syllabus. After a long discussion it was decided to defer till the next BOS.

After a prolonged discussion the board has agreed to approve all the courses. The Chair promised the floor that new advanced courses like Algebraic Topology, Automata Theory, Coding Theory, Actuarial Science,

Data Science and computer related courses which would enhance the UG/PG programs will be introduced in the next Board of Studies.

The suggestions by Dr. Kellis Thivagar to reformulate the table representing Blooms Taxonomy was well received and the corrections were carried out. Members also queried about the nature of evaluation.

There was a suggestion to include the value add on courses in the mark statement.

The board was also informed about the UGC communication regarding embedding Apprenticeship / Internship into the curriculum.

The student representatives appreciated the efforts taken by the department to include the training for national level tests. The need for offering more elective courses at the Postgraduate program was insisted upon by the Student representatives.

After a long deliberation and discussions, the following resolutions are adopted unanimously.

Resolution 1:

Resolved to adopt and recommend to the Academic council of the American College the syllabi for MAS 1472 as presented

in the self-financing section of the draft proposal presented to the Board of Studies in Mathematics held on 1st September 2020, to the undergraduate students of Data Science with effect from the academic year 2020-21.

Resolution 2:

Resolved to adopt and recommend to the Academic Council of the American College the Syllabi for MAT1433 as presented in the draft proposal for the Board of Studies in Mathematics held on 6th April 2018 to the undergraduate students of Economics under self-financing stream with effect from the academic year 2020-21.

Resolution 3:

Resolved to adopt and recommend to the Academic Council of the American College the syllabi for MAT121V, MAT221V, MAT321V, MAT322V as presented in the UG section of the draft proposal presented to the Board of Studies in Mathematics held on 1st September 2020 under value add-on mode to the undergraduate students of Mathematics major in both aided and self-financed streams with effect from the academic year 2020-21.

Resolution 4:

Resolved to adopt and recommend to the Academic council of the American college the syllabi for PGM421V, PGM521V, PGM522V as presented in the postgraduate section of the draft proposal presented to the Board of Studies in Mathematics held on 1st september 2020 under Value add-on mode to the postgraduate students of Mathematics major in both aided and self-financed streams with effect from the academic year 2020-21.

Prof. J. Jesapaul Thangaraj, Coordinator for self-financed program proposed vote of thanks.

MINUTES OF THE MEETING - B.Sc Microbiology

Date: 02-05-2015 **Time: 10.00 am**
Venue: Stoffer Hall

Board of studies meeting was convened to revise B.Sc. Microbiology under the chairmanship of **Dr.C.M. Jeyachandra, Director**, Department of Immunology & Microbiology. The meeting was held in the presence of **Dr. S.J. Aruna Saravanan,** University Nominee, and **Prof. S. Kulandaivelu,** Subject expert, on 02-05-2015 around 10.00 am in the department.
The meeting began with the word of prayer by **Prof. J.Stella Mary**.

Prof. M.Andrew Pradeep proposed the Welcome address.

Dr. C.M.Jeyachandra welcomed the members and out sketched the efforts taken by the department to revise the M.Sc Immunology and Microbiology course curriculum and stated that the implementation of the new curriculum will be effected later in a suitable academic year in accordance with new CBCS grid pattern, provided by the college, and also he highlighted the purpose of the today's BOS.

After the review, through discussions on individual courses, the following suggestions were opined by honorable members of BOS.

Dr. S.J. Aruna Saravanan – University nominee suggested the following:

MIC 1532 Food and dairy microbiology

- She expressed her desire to remain the course title and the content

MIC 1436 Microbial genetics

- She suggested that "Conjugation" shall be given separately.
- She expressed the content - wise preparation is sufficient for the undergraduate students in their first year.

MIC 1402 Microbial physiology and metabolism

- In Unit IV, the title to be framed as Metabolism of carbohydrates.

MIC 1232 Nutritive value of food

- In Unit – III she suggested instead of the title "Dairy products and egg" to be framed as Dairy products and poultry and Unit IV "Fish, meat and poultry" reframe it as "Fish and meat".
- Finally she concluded that the overall course plan and the course content seem to be commendable for the undergraduate program.

Prof. S. Kulandaivelu – Subject expert suggested the following:

MIC 1531 – General microbiology

- He stated to elaborate the content of the units wherever necessary to help the student in exam point of view.
- Unit - I: Include - TEM and SEM under electron microscopy.
- Unit - III: To include - phenol co-efficient method.
- Unit – IV: To include - preservation of Fungi.

MIC 1433 – Lab in general microbiology

- Rearrangement of the lab titles and contributed 2 lab exercises to be included.

1. Oligodynamic action of heavy metals on microbes.
2. Study of microbial taxonomy using biochemical test

MIC 1435 - Microbial taxonomy and diversity

- Unit – I Characterization of microorganisms – classical and molecular was rearranged.
- Unit – III - To include distribution and nutrition of fungi in the beginning of the unit.
- Unit – V – To include Outline classification in the beginning of the unit.

MIC 1401 – Biochemistry

- To include vitamin as a portion of the prescriptive syllabus and it was decided to include aspects of "occurrence and biological functions of vitamins"

All relevant suggestions made by the university nominee and subject expert were carried out and suitable modification made in the syllabus. University nominee Dr. S.J. Aruna Saravanan and subject expert Prof. S. Kulandaivelu opined that the syllabus is apt for undergraduate program in microbiology at The American College, Madurai from the academic year 2015 – 2016 onwards.

Prof. J. Nithya Kamalam proposed the vote of Thanks

MINIUTES OF THE MEETING

The Board of Studies meeting, to approve for implementation the new CBCS grid for B.Sc. Microbiology, to discuss the curriculum plan, and the syllabi for I and II semesters of B.Sc. Microbiology program, and also to review M.Sc. Immunology and Microbiology was held on 02.05.2015 at 10 am in the Department of Immunology and Microbiology.

The Following members were present

1. Dr.S.J. Aruna Saravannan – University Nominee
2. Prof.S. Kulanthaivel – Subject Expert.
3. Ms.Jennifer – Alumnus
4. Dr.C.M. Jeyachandra – Director, Dept. of Immunology and Microbiology

* The meeting started with the prayer by Dr. S.S.R. Inbanathan
* The co-ordinator Dr. S. Paul Mary Deborah welcomed the gathering and introduced all the expats
* The co-ordinator gave a brief introduction about the new grid.
* Dr. K. Ganasekaran, head of UG physics Suggested to shift energy physics, Medical Physics to VI th semester and solid state and Modern optics to V th semester.
* Dr. S. Arumugam suggested to introduce classical Mechanics before Quantum Mechanics. So, it was decided to have classical and Quantum Mechanics instead of Quantum Mechanics and Relativity.
* Dr J. Davidson Suggested that in Computational Physics, instead of C, C++ has to be introduced.
* Dr N. Soundarajan Suggested that, that in to have communication system and Microprocessor one can be replaced by Microcontroller.
* Dr K. Ganasekaran Suggested to have ten experiments instead of 14 experiments.
* The Chapter and sections has to be Specified in each Unit was suggested by Dr. S. Arumugam and N. Soundarajan.
* In the course microcontroller, the first Unit is removed and all the units were given importance to Microcontroller.
* Other suggestions given by the experts were Carried out!

Minutes of the Board of studies for the year 2016-2017.
Department of UG + PG Physics (SF).

* The meeting started with a prayer by Dr R Daphine. The Co-ordinator Dr. Paul Mary Deborrah welcomed the gathering and introduced the experts.
* The Co-ordinator briefly explained the grid and the papers.
* Dr. Davidson suggested to include crystal pulling method in PSP 5343 and it was well taken.
* Dr. C. Gopinath suggested to remove some of the topics so that the syllabus won't look much heavy in the paper PSP 5449.
* In PSP 5452, Dr. Gopinath asked whether the text book availability.
* Dr. S. Sivadevi enquired about the multiplexes, demultiplexer, encoder and decoder for the digital electronics paper. She asked whether the digital electronics is also for UG students. And therefore the board decided to carry out the decision later for this paper.
* Hence the PG Syallabus has been successively passed in the board of studies.
* Next Dr. Paul Mary Deborah introduced the UG Syallabus.
* Dr. C. Gopinath enquried about the No. of working hours for lab while discussing about Physics lab-III
* He also asked whether the experiments are related to the paper that the students are studying
* While discussing on Astrophysics paper, the board asked for any overlapping in the both UG and PG Astro papers.

Scanned by TapScanner

* Dr. Paul Mary Deborrah answered that the Syallabus for PG Astro is based on some fundamental discussions and followed by advance theories.

* The board members asked the student representative to have the Astrophysics paper as a core paper and Student representative Ms. Indra kumar suggested that they could study as Astro as a core paper.

* Dr. C. Gopinath arised about the text books for physical optics and he also he suggested that Ghatak and thyagarajan for lasers and B.B. Laud can be taken to refference.

* Dr. C. G enquried about the Core course letters for supportive Chemi Courses.

* No change was suggested for the Micro controller paper.

* Dr. S. Sivadevi Suggested to include 555 timer circuit instead of transistors for the multivibrators circuit in Physics lab-IV.

* While classi discussing classical & Quantum Mechanics papers Content, the board suggested the change of text books to Upadayaya (CM) and Arthur Beiser (QM)

* They also suggested to reduce 4 and re-sch. shuffle the contents

* Dr. S. Sivadevi suggested the inclusion of the book by Arfkan for Mathematical physics in the refference section.

MINUTES OF BOARD OF STUDIES - 7.4.'16

Physics Board of Studies was conducted on 7.4.'16. The external experts were Dr. N. Srinivasan and Mrs. Sivadevi. HOD of UCs department; Prof. K. Gnanasekar presented the revised syllabus to all. The overall grid was discussed in the previous year itself and the current meeting is for getting approval to the syllabus for 2nd year and 3rd year [3 theory papers & 1 practical] courses.

In the paper titled 'Mathematical Physics', HOD (UCs) gave suggestion to include recurrence relation and to move laguerre polynomial to unit III. Mrs. Sivadevi, one of the external experts felt that the II unit is heavy. In 'Modern Optics', Prof. PRR asked to include the objective of the paper as well as types of lasers. Prof. PMD asked to include holograms in unit III. Prof. PRR and HOD (PCs) asked to remove the topics '2421 and 5211 codes' in 'Digital electronics' paper. Also it was decided to remove 'magnetic and optical memory' from unit V. Prof. PMD asked to give sub title to all units. Prof. KGs felt that some topics like 'Rotational motions and small Oscillations' are heavy and Dr. N. Srinivasan gave a suggestion to make a separate unit for small oscillations. for the paper 'classical mechanics', It was accepted by all to remove the topic 'S-Variation'. In the paper 'Quantum Mechanics and relativity', Prof. PMD asked to include Publications and year in Text and Reference books.

Major lab during III semester is a non electronics lab in which Prof. PRR wanted to introduce the experiments like 'CDS calibration and λ measurement', 'Thermistor - TCR', and 'Diode - Band gap measurement'. Major lab for IV semester is based on Analog electronics experiments and Prof. PRR wanted to include 'PCB making, construction and characteristics' as

the first experiment with allotted time of 3 sessions. The 19th experiment can be divided into two as (i) Op-amp characteristics and (ii) Op-amp applications. Prof. KG wanted to remove 'diode characteristics' and add 'Familiarization of CRO'. Prof. PRR suggested to prepare a lab material for all experiments. During V and VI semesters, the department renders 'Digital electronics' lab and 'Project work' to the students respectively.

The Department offers 2 supportive courses for B.Sc. Mathematics students [3 hrs theory + 2 hrs lab]. One of the external experts asked to remove the heat related experiment as it is not included in the theory. Prof. KG accepted it and gave suggestion to remove the experiment related to thermo emf and include 'diffraction using LCD'. In the paper 'Physics for Mathematics - II', Mrs. Sivadevi suggested to remove 'multiplexer, demultiplexer and J-K master slave flip-flop' and Prof. PRR wanted to remove filter circuits in unit IV. In the supportive practical contents, Prof. PRR wanted to add 'universal logic gates' instead of 'Logic gates'.

All connections were accepted and were introduced in the revised syllabus. At the end of the meeting, HOD (PG) thanked all

For the paper 'Microprocessor & Communication Systems', allotment of weightage to up and communication systems was discussed by the members. Finally, the present weightage pattern was unanimously accepted.

One of the external experts, Dr. N. Srinivasan insisted on using recent editions for text books to follow.

Dr. (Mrs.) Sivadasan mentioned that for the paper 'Nuclear Physics', according to the pages in the ascending order, the topics covered in the units can be rearranged.

All corrections were accepted and were introduced in the revised syllabus. At the end of the meeting, Hod D (UA) thanked all

The meeting commenced with a word of Prayer by Mrs. W. Hannah Blessy.

The chairperson introduced the external member along with the faculty members both in aided and SF steams, followed by the Student volunteers present in the BOS meeting.

The chairperson briefed out the need for PG revision of syllabus.

The chairperson Dr. A. Robson Benjamin started the discussion by reading out the sg revised syallabus grid.

The following suggestions were made.

- The chairperson Dr. K. Gnanasekar explained the Elective - I in IV semester -

We will be having Thin film & Vaccum technology in Aided Steam &

Vacuum Tech & Nanophysics in SF.

- The Chairperson Dr. A. RB explained the question pattern.

Alloted Max. hour for examination for theory will be 3 hours, CBCS - 2 hours.

- The Chairperson Dr. ARB asked the suggestion from the students. and the Chairperson Dr. KG explained that the syllabus have been framed based on CSIR - UGC syllabus.

- The Chairperson Dr. ARB informed that the unit - V - Microwave device in the Physical Electronics paper was reintroduced.

- He explained about CBCS courses which is for non-Physics students.

- The topic 'Fuse' has be included in the CBCS - Home Appliance Course.

- Mathematical Physics - I - include Chapter - 3 from the Prescribed text book.

- CMP - I check the pages in Unit - V from the prescribed text book. and the Correction is made.

The Chairperson Dr. A. Robson Benjamin informed that I - II semesters will have practical lab. & III - IV will have projects. Projects lab.

Practical lab-II - Suggestion made in the experiment - # 7.

Instead of having determination Structure - Power XRD, the external members suggested to have "XRD - Determination of structural Parameters".

The following suggestion were made by the external member Dr. N. Srinivasan, Thiagarajar college.

1) Dr. N. Srinivasan asked about the suggestions from the student side.

2) He enquired about the time limit for attending Part-A MCQ.

3) Student Volunteer Ms. Jayce felt that the papers in the Sem-I is little bit difficult.

4) The Chairperson Dr. K. Gnanasekar explained that even though the title for thermodynamics & Stat physics the syllabi prescribed is different and text book is also different. This is also for classical and Non-linear dynamics.

5) As far as Physical Electronics is concerned, the external member Dr. N. Srinivasan felt that Unit-II is similar to Condensed Matter Physics

- Dr. K.G & Dr. PRR explained that the ~~sy~~ content in Physical Electronics is ~~entei~~ entirely different.

6) Suggested for blue-print in each paper

The Chairperson Dr. A. Robson Benjamin proposed the vote of thanks.

And with that the meeting was adjourned.

Minutes of the Board of Studies on 15.12.2020.

The Board of Studies meeting through Zoom in online mode started with a prayer by Mrs. Hannah Blessy. Dr.A.Robson Benjamin, chairperson and PG Head, welcomed everyone and introduced the external subject expert Dr.Milton. Dr. Robson asked Dr.Sujanah to present the panel of examiners list for the academic year 2021 and it was presented. Dr. Milton asked whether all the examiners are qualified as per UGC norms. Dr. Robson replied that the list was prepared considering this point and if there is any, it can be removed from the list. Dr. Richard Rajkumar suggested Dr.Vivekananda from Madura College to be added in the list (UG programme) and it was approved by the external member and the board. Dr. Robson asked Dr.N. Rajkumar to present job oriented courses and it was presented. Dr. Milton asked whether the courses are UGC funded or certificate course. Dr.Robson replied that all are regular courses and mandatory. Dr.Milton asked, does the courses are out come based education system? And Dr. Robson replied those courses are already revised and it was finished in the last BOS. This meeting is just for the approval of panel of examiners for the academic year 2021. Then Dr.Robson proposed the vote of thanks to Dr. Milton, student members and faculty members. The meeting was adjourned.

~~The meeting~~
Student volunteers:

17PHS48 1) D. Sonaimuthu.
17PHS09 2) Balaji K.

The meeting commenced with a prayer by Mrs. W. Hannah Blessy.

The Chairperson Dr. A. Robson Benjamin introduced the external member/subject expert Dr. Muralitharan to the gathering.

The Chairperson welcomed all the faculty members and the student volunteers.

The Chairperson Dr. K. Gnanasekar started the BOS meeting by introducing the list of courses and the course structure that

course

The PG grid was displayed on the screen. The courses for III & IV semester PG for both aided and SF streams were introduced.

He also introduced explained the modification objectives for each of I & II semester PG courses.

The Objectives of I & II semester PG courses was replaced with OBE Objectives. (OBE adopted syllabus)

The chairperson Dr. K. Gnanasekar explained the 10 PSO's (Programme Specific Outcomes). The mapping were displayed on the screen and were explained.

Each programme outcomes of the college should correlate with 6 specific outcomes of the ~~College~~ department.

The I & II semester PG courses with OBE and Bloom's taxonomy mapping were displayed. The mean ~~sco~~ score was ~~expto~~ discussed from the mapping and the score should be have 3+.

This was then followed by III & IV semester PG course syallabus. These two semester syallabus has to be passed in BOS along with newly adopted OBE & mapping.

Some of the suggestions in somes courses and changes has been carried out.

1) Check Kurie plot in Nuclear Physics. (Spelling correction)

2) couple the wave eqn with Unit-II in Electrodynamics paper.

3) Analog Electronics :
(i) Correct Op-amp.
(ii) Add active filters.
(iii) Add band reject filter.
(iv) Add 'S' in Signal generation
(v) Text book - year of publication has to be added.

~~#~~) The UG Syallabus grid was displayed and explained.

The UG Syallabus with OBE and mapping were displayed and discussed.

UG - I & II year Syllabus/courses will

Both aided & SF Sheam will have the same UG-I & II year courses.

Some suggestions and Changes has been carried out.

1) Change the course code 24XX
2) Maths - supportive - Change of Unit title.
3) Change mapping -
4) Check mapping for ~~Energy Physics~~ EVS

With that ~~PG~~ UG courses were over and the Chairperson Dr. K. Gnanasekar thanked all the faculty members for their contribution.

The Chairperson Dr. K. Gnanasekar also requested the faculty members to check the CO's and K-mapping for each courses.

The faculty members requested Dr. K. Gnanasekar to explain the mean score for the courses. Dr. K. Gnanasekar also explained the mean score from the mapping. He also requested the faculty members to check the mean score. Each course should have 3+ score.

With that the meeting continued for III year - SF. The supportive courses - Physics for Mathematics - I S, II Physics for Chemist - I S, II along with the corresponding respective lab were displayed.

The III yr SF courses with OBE and mapping were displayed and discussed.

Also the supportive course for BCA Electronic Communication was displayed and passed in BOS. along with the respective lab.

Some suggestion were given by the external member Dr. Muralitharan and Changes has been carried out.

1) Electronic communication - lab - no K1.
(K1 has to be marked since it the fundamental - Suggestion by external member).

2) Dr. Muralitharan asked the faculty members to check the mapping again.

Then some ~~sugg~~ changes was done on the spot.

With that M.Phil syllabus has been displayed and discussed. The M.Phil syllabus have been already passed in the previous BOS. & this time OBE & mapping was discussed.

The Chairperson Dr. K. Gnanasekar explained the ~~Pos~~ PSO (Programme Specific Outcome) and asked for suggestions. This was then followed by PSO's for each courses.

The syllabus with OBE & mapping was displayed and discussed.

Resolutions ~~wes~~ was displayed and discussed.

Suggestion and Changes.

1) Change of Physics in captial letter.
2) resolution for SF course and Supportive courses.
3) New syllabus for BCA (SF).

The suggestions from the external subject expert Dr. Muralitharan and the faculty members were well taken and some changes has been done on the spot.

Resolutions

RESOLVED to recommend to the Academic council, the OBE adopted syllabi as given in pages PHY 01 to PHY 56 for the undergraduate programme in Physics with effect from the academic year 2019-20.

RESOLVED to recommend to the Academic council, the OBE adopted syllabi as given in pages PHS 01 to PHS29XX for the III year of undergraduate programme in Physics (SF) and supportive courses for BCA programme with effect from the academic year 2019-20.

RESOLVED to recommend to the Academic council, the OBE adopted syllabi as given in pages PGP 01 to PGP 42 for the postgraduate programme in Physics with effect from the academic year 2019-20.

RESOLVED to recommend to the Academic council, the OBE adopted syllabi as given in pages MPP 01 to MPP 09 for the MPhil programme in Physics with effect from the academic year 2019-20.

Meeting began with prayer by Dr. A. Joesph Thatheyus.

Prof. S. Suriyakumar chairman of the Board of studies introduced the faculty to the external members. The grid of the U.G curriculum was also presented.

The members discussed the curriculum plan for the courses taught during III, IV, V & VI semester for the U.G programme.

Discussions and deliberations were carried out to bring each course in a better manner.

The changes pointed out by the external members were well taken and the corrections were carried out.

Resolution 1

As recommended by the Board of studies in Zoology, Resolved to follow the syllabi for III, IV, V & VI semester courses of the U.G programme.

Minutes of the **Boards of Studies in Zoology** meeting held at 10.00 a.m. on December 15, 2020 through online mode.

The Meeting began with the Prayer by **Dr. P. Velladurai.**

Dr. A. Joseph Thatheyus, Chairman, Board of Studies welcomed the external expert and the members present. Chairman highlighted the salient features of the PG & UG Zoology existing curriculum and syllabi and suggested to review and improve the syllabi.
The following suggestions were given by **Dr. RM. Murgappan** and the internal members

1. The percentage of new courses introduced is important for NAAC report. It has to be calculated and provided according to NAAC requirement norms.
2. The job oriented and skill based courses can be based on or /ranked according to regional, national or global importance.
3. About 50% of new courses may be job oriented or skill based.
4. Courses dealing with gender and environmental issues have to be listed. Example: Apiculture, sericulture may be of regional importance. Sericulture may be of both national and regional importance. Genetic engineering and biotechnology are of global importance.
5. A UG degree should be of 140 credits according to UGC and TANSCHE norms.
6. In PGZ Microbiology: Five kingdom concept, Contributions of Robert Koch and Louis Pasteur may be incorporated. Dr. P. Velladurai and Mrs. J. Stella Mary accepted the change.
7. Dr. P. Velladurai insisted to change the nomenclature of Supportive courses offered to Botany Students. Instead of General Zoology I and II, it may be changed according to current trends in biology such as Clinical Lab Technology, Health and sanitation, Herbal medicine etc.
8. Dr. RM. Murugappan suggested extending the Forensic Science course to major students also for the sake of future employability opportunities.
9. In PGZ- Methods in Biology: PCR, AGE and chromatography may be introduced.
10. The correct nomenclature should be followed for PG course - 'Poultry science' or 'Poultry farming' based on the syllabus.
11. The importance of 1 credit course is addressed by Dr RM. Murugappan.
12. Ms. P. Sumathi, PG student representative suggested the repetition of the value added course Sericulture, due to cases of many students already completed in their UG itself. So a variety of new value added courses may be introduced in PG.
13. Mr. U. Ameer Khan, UG Student representative claimed that there are repetitions in the syllabus content of Molecular Biology and rDNA technology; instead they require Taxidermy or Ornithology. Dr. E. Joy Sharmila justified the importance of the courses Molecular Biology and rDNA technology and clarified them that no contents are repeated.
14. The importance of year-wise updating the course content instead of revision of complete curriculum was addressed by Dr. RM. Murugappan.
15. Dr. RM.Murugappan appreciated the overall curriculum and content of syllabus.

This is to certify that the Department of Zoology

1. Revised its undergraduate, postgraduate and M.Phil. Curricula during the period between 2015-2016 and 2019-2020. The revision is 100%.

2. Introduced 30 % skill-based and employment-oriented courses.

3. Introduced Outcome Based Education from the academic year 2019-2020 with retrospective effect for students admitted in June 2017 onwards.

4. Introduced **value added courses** from 2020-2021 on

UG Courses

(i) Bee keeping
(ii) Aquarium fish keeping
(iii) Clinical lab techniques
(iv) Shrimp culture
(v) Fish farming
(vi) Dairy farming

PG Courses

(i) Vermiculture
(ii) Health and Sanitation
(iii) Sericulture
(iv) Vector Biology

5. Introduced **employment oriented** courses as part of curriculum on

UG courses

(i) Economic Zoology
(ii) Forensic biology
(iii) Apiculture
(iv) Poultry farming
(v) Ornamental fish culture
(vi) Medical Laboratory Technology

PG Courses

(i) Poultry Science
(ii) Microbiology
(iii) Immunology
(iv) Biotechnology

6. Introduced **skill-based** courses on

UG courses

(i) Molecular biology laboratory
(ii) Biotechnology
(iii) rDNA technology
(iv) Bioinformatics

PG Courses

(i) Molecular Biology
(ii) Biotechnology
(iii) Methods in Biology
(iv) Biostatistics and Bioinformatics

The meeting adjourned after the vote of thanks by Dr. E. Joy Sharmila.

Resolutions:

1. Resolved to incorporate the suggested changes in the syllabus of UG and PG Programs before the next Board of Studies meeting.

2. Resolved to record the list of new courses and the list of skill based, employment oriented and value added courses during the period from 2015-2016 to 2019- 2020.

Meeting began with the prayer by **Dr. P. Velladurai**

Dr. A. Joseph Thatheyus, Chairman, Board of Studies introduced the Zoology Faculty to the external members. Chairman highlighted the salient features of the PG Zoology grid and Curriculum.

The members of the BOS discussed the Grid and the Curriculum of PG Zoology. The subject expert **Dr. RM. Murugappan** suggested few modifications in the syllabus and it was unanimously accepted.

The important suggestions are as follows:

1. The name of the course designer may be mentioned at end of each syllabus.
2. For M. Phil. Syllabi, indicating a separate text book should be removed and it should be given along with references.
3. For laboratory courses, blooms taxonomy is not applicable.
4. UGC 2012 norms should be followed. The number of core courses is less when compared to other courses like NME, LS, language etc. for UG syllabi.
5. Vision and mission statement should be revised every 5 years.
6. Programme educational objectives should be provided by the college.
7. OBE may be slightly modified.

Dr. E. Joy Sharmila presented the changes in the UG Zoology grid and syllabus. After a brief deliberation and suggestion given by subject expert the following resolutions were made.

Dr. E. Joy Sharmila gave the vote of thanks and the meeting is adjourned.

As recommended by the BOS in Zoology, the following resolutions were passed.

Resolution 1

As recommended by the Board of Studies in Zoology, Resolved to accept the OBE incorporated descriptive and prescriptive syllabi of M.Sc. Zoology that is presented and to follow this syllabus for M.Sc. Zoology program from the academic year 2019-2020.

Resolution 2

In PG syllabi, the following course codes:

PGZ 4431, PGZ 4433, PGZ 4335, PGZ 4337, PGZ 4439, PGZ 4341, PGZ 4432, PGZ 4334, PGZ 4436, PGZ 4438, PGZ 4340, PGZ 4342 ,PGZ 5531, PGZ 5533, PGZ 5535, PGZ 5537, PGZ 5139, PGZ 5341, PGZ 5532, PGZ 5534, PGZ 5536, PGZ 4238, PGZ 5140, PGZ 5642
Retrospectively have to be replaced with following codes respectively:
PGZ 4433, PGZ 4435, PGZ 4337, PGZ 4339, PGZ 4441, PGZ 4343, PGZ 4434, PGZ 4336, PGZ 4438, PGZ 4440, PGZ 4342, PGZ 4344, PGZ 5545, PGZ 5547, PGZ 5549, PGZ 5551, PGZ 5153, PGZ 5355, PGZ 5546, PGZ 5548, PGZ 5550, PGZ 5252, PGZ 5154, PGZ 5656

Resolution 3

As recommended by the Board of Studies in Zoology, Resolved to accept the modified UG Zoology grid (instead of the course Nanobiology - ZOO 3440 is replaced with Project ZOO 3446) and to follow this OBE incorporated syllabi from the academic year 2019-2020.

Resolution 4

As recommended by the Board of Studies in Zoology, Resolved to accept the new M.Phil. Zoology grid and the descriptive and prescriptive syllabi and to follow this modified syllabus from the academic year 2019-2020.

Minutes of the Board of Studies

The combined Board of Studies for MBA, BBA (Main campus) and BBA (Satellite Campus) was held on 15th December 2020 at 11.00 A.M virtually using Google Meet.

Dr. R. Albert Christopher Dhas, Director - Department of Management Studies, chaired the meeting. The meeting commenced with a prayer by Ms. T. S. Priya Darshini, followed by welcome note and introduction of external members by Dr. R. Albert Christopher Dhas. The new faculty member to the Board was introduced by Prof. Divakaran. The Chairman highlighted the significance of the BOS and expressed confidence in getting the cooperation and support from the members for effective discharge of resolutions.

Minutes and resolutions of the previous BOS that was held on the 1st of September 2020 was presented to facilitate follow-up.

The following items were brought for discussion before the Board:

Revision of the Syllabus:

BBA: The present curriculum was reviewed and it is proposed that the OBE based Curriculum that was approved in the previous BOS continues for the ensuing Even Semester in the academic year 2020-21.

MBA: The revised syllabus implemented for the first semester of the MBA Programme was reviewed. Based on the student's feedback and the corporate relevance, it was felt that the content of the paper MBA 4221 Fundamentals of Computer Applications needed modifications without changing the title of the paper. Similarly, it was felt that the paper MBA 4222 Business Application Software, proposed for the second semester may be modified as MBA 4222 Business Case Analysis. Accordingly, the modified syllabus content for MBA 4221 and proposed Syllabus for MBA 4222 were presented along with the modified Subject - Grid for the first year MBA programme. The Board approved the first year MBA and the revised syllabus for implementation from the academic year 2020-21.

Minutes of the Board of Studies

The combined Board of Studies for M. Phil (Management), MBA, BBA (Main campus) and BBA (Satellite Campus) was held on 19th October 2019 at 11.00 A.M at the Department of Business Administration, The American College, Main Campus.

Dr. R.Albert Christopher Dhas, Director (Incharge) MBA Department (Satellite Campus) chaired the meeting. The meeting commenced with a prayer by Ms.Nancy Immanuel. The welcome address was given by Prof. P.F.E. Divakaran, Head, Department of BBA, Satellite Campus. The chairman introduced the guests to the faculty members and in turn, faculty members were introduced by the respective heads of the department.

In the Chairman's address, he highlighted the functions of the BOS and the major areas on which contributions are expected from its members. He also indicated the broad areas for discussion and sought the cooperation and support from the members for the successful board meeting.

Minutes of the previous BOS held on 27-05-2019 was presented.

The following items were brought for discussion before the Board:

Revision of the Syllabus:
It is discussed that there is no need for immediate revision for BBA program as it was done last year. However it is felt that there is a need to revise the MBA syllabus next year. The subject expert suggested that even if there is any minor change in the course content, the same can be carried out for the BBA program by placing it in the next BOS.

Model Question Paper based on OBE:
Prof. P.F.E. Divakaran presented the model question template in accordance to OBE. It's various components were discussed extensively by the members. Questions were raised on the methodology to be adopted for both BBA and MBA programs. It was felt that this model could be a common one for all the programs of the departments.

Teaching - Learning Methodologies:
The existing teaching-learning methodologies adopted by the faculty members were discussed. The industry-expert suggested to have tie-ups with companies and to nominate a group of students for solving specific problems faced in the industries. It was also discussed how to award credits for such activities and to incorporate them into the curriculum. It was suggested to have MOUs with companies to have industry link assignments to the students as an initial step towards this process. Members also suggested having more Industrial Visits and study tours to make learning more practical and effective. Case analysis was suggested as a teaching pedagogy.

Offering Certificate / Add on Courses:
The need for Certificate and add-on courses was discussed extensively by the members. Student representatives suggested certificate courses on 'digital marketing' and 'capital markets'. Faculty members suggested to have add-on courses such as Tally, 'Financial Markets' and SEBI offered programs. Is is concluded that a detailed proposal may be prepared and presented in the next BOS.

Question Bank for Section A, B and C:
Importance for having a question bank for each course and the associated difficulties were discussed. It is concluded that each course teacher can work simultaneously to compile a question bank for the papers they handle.

Evaluation Pattern:
As the college has a common evaluation pattern, and that too undergoing changes over time, it was decided to accept and adopt the existing evaluation pattern.

Online Quizzes and assignments:
The Board acknowledged the contributions of Dr. Sathya Dev in introducing online quizzes to the management department and training many faculty members of the other departments of the college. It is decided to continue online quizzes for all the courses and explore the possibilities of online assignments.

Extension activities:
As the department is not involved in any extension activity at the moment, it was decided that faculty members may reflect on the possibilities of initiating extension activities either in schools or villages. Such proposals can be presented in the next BOS.

Panel of Examiners for Nov. 2019 and April 2020:
The panel of examiners for November 2019 and April 2020 were presented and approved.

Any other matters:
As there weren't any issues to be discussed further, the meeting was concluded.

The Resolutions of the Board of Studies are as follows:

- It is resolved to revise the MBA syllabus by next year and to bring necessary minor modifications in the BBA programme if any, otherwise to continue the OBE based syllabus for the next two more years.
- It is resolved to introduce case analysis as part of teaching methodology under MBA programme. It is resolved to undertake more industrial visits as part of both BBA and MBA programmes.
- It is resolved to work on the question bank, as per the recommendations of the College Administration.
- It is resolved to accept and adopt the common evaluation pattern introduced by the college.
- It is resolved to continue Online Quizzes for both BBA and MBA programmes.
- It is resolved to approve the panel of Examiners for November 2019 and April 2020.

The meeting came to an end with a vote of thanks by Dr. S. Sathya Dev, Head, Department of Business Administration, Main Campus.
