Rules & Regulations

CRACK POT

- It's a quiz competition.
- Two participants per institution.
- Prelims will be conducted as written test.

PAPER PRESENTATION

- One participant per institution
- Topic: Carbon based nano materials as an emerging platform for research
- Time duration: 5 mins
- Soft copy of the presentation should be submitted during the time of registration

CHARLATAN (TREASURE HUNT)

- Two participants per institution as a team
- Prelims will be conducted if needed.

TROUBLE SHOOTING

- Two participants per institution
- Prelims will be conducted as written test related to experimental

FIST OF PHYSICS (PHYSICS GAMES)

- Surprising Rules are waiting for you on the floor

CONNECTION

- One team per college
- Two participants per team.
- Prelims will be conducted if needed.

PHOTOGRAPHY

- Two participants per institution
- Participants should use their mobile phones to snap photos based on physics phenomena inside the college premises
- Photos will be displayed as slide show

REVERBERATE 2020

3rd March 2020

Organized By
PG & RESEARCH DEPARTMENT OF PHYSICS

LIST OF EVENTS

- Paper presentation
- Crack pot
- Trouble shooting
- Connection
- Charlatan
- Fist of Physics (Game show)
- Campus photography.

POINTS TO REMEMBER

- PG Students alone can participate
- Registration fee: Rs.150/- per participant
- Please report at the registration desk by 8.15 am
- A participant shall take part in not more than 1 event
- Kindly bring necessary materials for the competitions
- Please Register through www.dtc2020/reverberate.net
- Students must bring their ID card

AGENDA

8.15 – 9.15 am: Registration (Auditorium)

9.30 – 10.00 am: Inaugural Address
Dr. M.Davamani Christober
Principal & Secretary
The American College
Madurai

10.00 – 10.15 am: Tea break (Auditorium)

10.30 – 11.30 am:

- Paper Presentation (PG-Physics Lib)
- Troubleshooting (PG - Physics lab)
- Crack Pot Prelims (PG - Class room)
- Photography (PG - Physics Library)

11.45-12.45pm:

- Connection (Auditorium)
- Charlatan (PG - Physics Library)

12.45 - 1.45 pm: Lunch break (PG dept. Physics)

1.45 - 2.45 pm:

- Photography (PG-Physics Library)
- Fist of Physics (Auditorium)

2.45 - 3.00 pm: Tea break (Auditorium)

ABOUT THE INSTITUTION

Established in 1881, The American College is among the pioneering colleges in Madurai made autonomous by the UGC in the year 1977-1978. With about 30 Undergraduate courses and 16 Postgraduate programmes, the institution offers a professional broad based training in all major contemporary disciplines. There are 7 research centres providing scope for M.Phil., and Ph.D research. The twin campus college features special centres of professional engagement in various disciplines. Department of applied science (DAS) and Study centre for Indian Literature in english and translation (SCILET) receives National and International attention. The college takes pride in its alumni occupying a position of pre eminence in all walks of life in India and around the world. Scores of luminaries internationally acclaimed scientists, Intellectuals, administrators, corporate leaders writers, artists and statesmen have emerged from here. The college believes in holistic education by providing a pro active engagement of students in theatre groups, National Service Scheme, NCC units and Service-Learning Programme.

ABOUT THE DEPARTMENT

The department traces its origin back to 1931 from the days it used to support the ancillary requirement of Biology / Zoology department. It elevated itself to offer major courses in Botany from the year 1968. The Post graduate department had its inception in 1987 and became a full-fledged research department in 1993. From the teaching of conventional Botany, the department opted for UGC sponsored vocationalization in Industrial Microbiology in 1998. From 2010, the major course was titled Plant biology and Biotechnology. The present curriculum in the PG and UG programs provides the state of art knowledge in Botany with the complete sense of excitement and exploration. The department's plant science association is acronymed as PLASCIA.

MICROFIESTA .20

Theme CONJURE UP THE UTOPIAN 2050

On 11 FEBRUARY 2020

ABOUT US

Once upon a time in 1881, American missionaries built a college in the city of Madurai with the dream of bringing education to the unreached of the country. Now in 2020, we host more than 30 undergraduate and 16 postgraduate programs to make this dream come true especially for first-generation graduates. We too, as the department of Microbiology hosted in Stoffer Hall, one of the hallmark buildings of The American College, strive to bring knowledge to the aspiring and thirsty in science and research.

But, we know

"All fun & no play makes Jack a dull boy".

So, we are proud to present to you

MICROFIESTA .20

with the theme of imagining Microbiology in the year 2050, as an attempt to make science education more fun and fiesta.

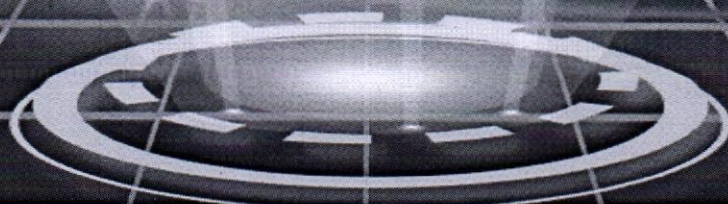

Come, Let's Play!

See you all soon!

THE AMERICAN COLLEGE, MADURAI

An Autonomous Institution Affiliated to Madurai Kamaraj University

Re-accredited (2nd Cycle) by NAAC with Grade "A" CGPA – 3.46 on a 4 point scale

ABOUT THE INSTITUTION

The American College, a higher educational institution, is known for its focus on academic excellence and social relevance. With its extreme sensitivity to national policies and community needs, the college has grown from strength to strength. It is one of the first set of seven colleges to be made autonomous by the UGC in 1977-1978. Presently, the college offers twenty six undergraduate, fourteen postgraduate & ten M.Phil programmes in the Main Campus and seven undergraduate, one postgraduate & one M.Phil programme in the Satellite Campus. There are nine research centres offering Ph.D Programmes in various disciplines, and two autonomous centres of Department of Applied Sciences (DAS) and Study Centre for Indian Literature in English and Translation (SCILET) that have received international attention. The college was re-accredited (2nd Cycle) by NAAC with Grade "A" CGPA – 3.46 on a 4 point scale in 2016. The College offers undergraduate self-financed programmes from the academic year 2015-16 in its Satellite Campus at Chattrapatti to cater to the city, rural and less privileged students of the community. The college has tie-ups with many International, State, Central Institutes and private industries.

ABOUT THE DEPARTMENT

The department traces its origin back to 1931 from the days it used to support the ancillary requirement of Biology Zoology department. It elevated itself to offer major courses in botany from the year 1968. The post graduate department has its inception in 1987 and became a full-fledged research department in 1993. From teaching of conventional botany, the department opted for UGC sponsored vocationalization in Industrial Microbiology in 1998. From 2010, the major course was titled as Plant biology and Biotechnology. The present curriculum in the PG and UG programmes provides the state of art knowledge in Botany with the complete sense of excitement and exploration. The department's plant science association is acronym as PLASCIA.

ABOUT THE SEMINAR

Intelligence is construed generally as a predominantly human ability to accomplish tasks that are generally hard for computers and animals. Artificial Intelligence [AI] is a field attempting to accomplish such tasks with computers. AI is becoming increasingly widespread, as are claims of its relationship with Biological Intelligence. The seminar focuses on novel technologies and approaches, rather than on proven applications. Theme for the academic seminar shall cover genetic sequence analysis, protein structure representation with prediction and automated data analysis toolsets. The use of AI simulation in biological systems will receive a special focus.

OBJECTIVES OF THE CONTEST

To motivate and encourage students to learn additional scientific concepts apart from prescribed syllabus and enable them to understand, appreciate and enjoy applications of life sciences. As a part of plascia, a one day intercollegiate contest "PLASCIA 2020" is being organized with the aim of

- # Stimulating interest in learning life sciences.
- # Enhancing skills to apply knowledge in various domains.
- # Providing a platform to exhibit their potential.
- # Giving opportunity for fruitful interaction between students of life sciences.
